JANUARY 2026

G-Cloud 15 Pricing Information

PRICING

The rates for roles for this service are shown in the Rate Card below

Role	JCURV Rate excluding VAT
Follow	544
Assist	874
Apply	1,094
Enable	1,386
Ensure or Advise	1,645
Initiate or Influence	1,920
Set Strategy or Inspire	2,635

The cost (excluding VAT) is calculated per individual, per day for the specified service. The duration and number of roles required for each service may vary depending on the project's scope.

All pricing for JCURV G-Cloud 15 services is determined by the Rate Card.

While our pricing is primarily structured around daily rates, we also provide fixed-price services that are derived from these rates.

EXPENSES

Any specific travel or accommodation expenses required to provide this service are not included in the costs shown above

These expenses could include:

- Travel costs (Rail, Air travel, Taxi, Car)
- Accommodation (if our consultants needs to stay away overnight)
- Meals and other 'subsistence' while travelling.

However, we do not charge expenses for travel to and from sites within Zone 6 London travel zones.

VOLUME DISCOUNTING

Our pricing proposal includes an additional initiative for volume discounting

This incentive offers discounted rates to buyers who purchase larger quantities of services. Upon reaching a specified threshold, subsequent purchases are discounted accordingly.

We are open to providing volume discounts for larger teams, extended-term projects, or multiple services purchased by the same client. However, these discounts will be negotiated on a case-by-case basis.
