Rate Card

In order to access the OneWay platform organisations purchase a platform licence. The cost of a platform licence is based upon the number of staff employed in an organisation:

Number of staff employed in organisation	Annual cost for platform licence
Up to 2,000	£10,000
2,001 to 5,000	£20,000
5,001 to 10,000	£45,000
10,001 to 30,000	£60,000
30,001 +	£75,000

A platform licences includes:

- Unlimited one-way video interviews
- Unlimited live video interviews
- Sending of emails and SMS messages
- Unlimited user logins
- Scheduling tool
- Onboarding and training to facilitate initial setup (either on-site or virtual)
- Ongoing account management support throughout contract term
- Candidate support via telephone and email

The full contract value is billed up front.

Integration Costs

While many OneWay clients utilise the platform as a standalone system, some organisations prefer to take advantage of the integration options, and connect the platform to their Human Resource Management System (HRMS), Applicant Tracking System (ATS) or Customer Relationship Management (CRM) system via our open, RESTful API.

The complexity of integrating the OneWay platform with another system is governed by the depth of integration required, and the flexibility of the 3rd party system in question, and thus cannot be understood prior to the full scoping of the integration project.

In many instances integration can be achieved with little to no bespoke development work required on the part of Topscore, and therefore can carry zero cost.

Should integration require bespoke development work on the part of Topscore then a Statement of Work can be provided following scoping of requirements, and the day rates detailed on the 'Additional Service Costs Rate Card' will apply.

Additional Service Costs Rate Card

Category	Activity	Day Rate
ATS integration	Software development and testing	£850
ATS integration	Business Analyst project management	£750
Bespoke platform development	Software development and testing	£850
Bespoke platform development	Business Analyst project management	£750
Training	Additional on-site training outside of on-boarding phase	£750
