

# Admit Pricing

**Admissions Support Ltd**

*Updated January 2026*

## Pricing model overview

Admit is priced based on the number of applications processed, with a separate support charge. Pricing applies equally across Early Learning and Childcare, Primary School and Secondary School applications.

All prices are **exclusive of VAT**.

## Application processing fees

Application processing is charged per application and purchased in **blocks of 500**.

| Application type                   | Price per application | Purchase unit |
|------------------------------------|-----------------------|---------------|
| Early Learning and Childcare (ELC) | £7.00                 | Blocks of 500 |
| Primary School                     | £7.00                 | Blocks of 500 |
| Secondary School                   | £7.00                 | Blocks of 500 |

## Support fees

Support is charged separately and is purchased in **blocks of 1,000 applications**.

| Support type     | Price per application | Purchase unit   |
|------------------|-----------------------|-----------------|
| Standard support | £1.00                 | Blocks of 1,000 |

Support covers platform usage support, configuration assistance and incident management during standard UK business hours.

## What's included

- Access to the Admit platform
- Application processing for purchased volumes
- Unlimited staff user accounts
- Role-based access and audit functionality
- Standard support for purchased support volumes

There are no limits on the number of staff users who can access the service.

## Additional costs

Optional services, such as enhanced configuration support or bespoke reporting, may be available at additional cost, subject to agreement.
