Lot 2b

Restriction on disclosure and use of data

The data referred to and contained within this document contains trade secrets and confidential or proprietary information, the disclosure of which would provide a competitive advantage to others. Therefore, neither this document or the data referred to within it shall be used or duplicated. In whole or in part, for any other purpose than the evaluation of Altera's product offerings. This document or the data in it shall not be disclosed to any third party without Altera's written consent.

Altera has made all efforts to present complete and accurate information, it shall not be liable for any errors, omissions or for any loss, damages, costs or expenses that may be incurred from the use of this document or the information it contains.

Should Altera be included in G-Cloud 15, the resulting contracts will lay out the rights for the disclosure and sharing of this document.

Introduction

This document pays out the pricing for Altera's EPR, PAS, Patient Flow and other applications as laid out in the Service Definition document.

It also covers the services and maintenance for both Lot 2b of G-Cloud 15.

Charging Structure

Application & service component	Charging Structure
Applications	Altera's applications are charged on a product licence, support and usage basis with an added professional services element (see SFIA rate card below). However, because of the different types of application and the bespoke and customisable nature of the solutions, pricing will vary enormously between product and between deployment. Altera requests anyone requiring more information contacts us using the details laid out below.
Services	
Support – including incident management, updates and change releases	
Hosting and Provisioning	
Implementation & Training	

SFIA rate card pricing

*Grade/Level		Benchmarked Day Rate	Non-UK Based Day Rate
