Apple Readiness Assessment

Fast track your Apple deployment with our comprehensive assessment service. Receive on-site feedback, a detailed report, and best practice strategies for managing employee devices effectively. Our tailored recommendations ensure optimal scaling and performance of your Apple device ecosystem

Features:

- Apple environment assessment and deployment readiness
- Security setup evaluation for endpoints and mobile devices
- Compatibility testing for Apple-specific applications
- Implementation planning for directory services and SSO
- Optimisation strategies for Apple-centric networking solutions
- Self-service support structures for Apple device users
- Apple Business Manager integration and support.
- Infrastructure review for Apple devices
- User experience enhancement through tailored Apple setups
- Deliver Privileged access management (PAM) and Endpoint privileged management (EPM)

Benefits:

- Ensures optimal integration and performance of Apple products within your infrastructure.
- Strengthens your security posture by safeguarding devices against potential threats.
- Seamless operation and compatibility of applications with Apple devices.
- Facilitates secure, efficient access management and user authentication.
- Improves network reliability and speed, specifically tailored for Apple technology environments.
- Empowers users with tools to troubleshoot and resolve issues independently.
- Boosts team productivity through streamlined use of collaborative technologies.
- Supports robust, Apple-compatible infrastructure for enhanced device performance.
- Delivers superior user experience by customising Apple device settings and features.
- Provides expert guidance for implementing advanced endpoint security measures.

Pricing:

All pricing for services are based on our standard SFIA rate card (this can be separately downloaded). Where referenced, please note that any illustrated pricing scenarios are based on a minimum of 100+ user environments. Please contact us for further information if you have a requirement that sits outside of this guidance. All prices and rates are exclusive of VAT and in GBP.

Pricing Starting from

£14,499.00

Pricing is an estimate for one instance only.

About Postremo IT

Postremo IT is a managed service provider (MSP) that has been providing IT solutions to private companies, government organisations, and non-profit organisations since 2014.

We are experts in providing a broad range of managed services and support services that enable our clients in keeping up with the most recent technological trends and resolving IT-related issues. We take great satisfaction in our capacity to comprehend the particular requirements of any organisation and to provide tailored solutions that promote success.

Our vision

Relentlessly drive innovation with Postremo IT's future-oriented solutions, honing in on our Apple and Jamf product expertise. We build powerful, mistake-proof networks that bolster your business strategy. Embrace superior managed support services, where intuitive client-centric solutions are crafted with rapid precision, transcending beyond the conventional customer service norms.

Our mission

At Postremo IT, we craft advanced solutions, driven by evolving strategic themes, that will withstand the test of time. Our mission is to establish powerful solutions, rooted in objective design, that deliver flawless results. We are committed to creating swift and intuitive deliverables, prioritising personalised managed support over broad-scale customer service.
