

Single Organisation Pricing

For individual healthcare providers, an annual licence is tiered based on the target patient group you'd like to make the technology available to.

Removing all barriers to engagement, an annual licence enables organisations to support as many patients as possible, unlocking the benefits of deploying the software at scale. Each tier includes an increasing level of discount providing economies of scale for higher patient volumes.

The annual licence fee includes full use of the technology within the target patient group and ongoing customer support from the Beautiful Voice team.

Licence Pricing

All prices are subject to VAT.

Target no. of patients	Price per patient (annual)	Max. Annual licence
<100	£180	£18,000
100-250	£162	£40,500
250-500+	£144	£72,000+

Onboarding

In addition to the above, an onboarding fee of £1,000 is applied to the first 12 months use of the technology.

Customisation and analysis

£500 per year is applied to customise exercises/assessment for the team or create annual summary report for audit.

Pilot programmes

For first time customers, we can provide an 8-month pilot for £3500 with unlimited licences. The £1,500 onboarding, customisation and analysis fee remains unchanged.

Multi-year programmes

We provide discounts for multi-year contracts paid upfront. This is 5% for 2 years, 10% for 3 years and 15% for 4+ years. The discount is applied to our annual tiered pricing, the onboarding fee is only applied to year 1 for new customers.
