Pricing Schedule

We offer a simple pricing model, charging customers on a usage basis. Full access to our Garden Waste Pro SaaS permit management software is granted to all customers under contract.

We have no fixed costs, no setup costs, no admin cost, no hosting cost, no integration costs, no volume discount and no minimum costs.

Cost per permit requested	£1.65

Invoices are raised at the end of each calendar month retrospectively, based on previous month's permit volume requested.
