

G-Cloud 15 Pricing Summary (Guide Prices)

Managed Android Enterprise Mobility Management

All prices shown are guide prices, exclusive of VAT, and apply to UK public sector customers purchasing under the G-Cloud framework. Final pricing is confirmed via the applicable call-off contract and may vary based on service scope, estate complexity, device diversity, and operational requirements. Services are delivered remotely during UK business hours unless otherwise agreed.

Core Managed EMM Service (Guide price – per device, per month)

Provides the operational foundation for managing Android Enterprise devices, including platform provision, day-to-day management, incident support, and lifecycle oversight.

Includes:

- Android Enterprise EMM platform provision and licensing
- Day-to-day MDM administration and configuration
- Application deployment and configuration support
- Incident triage and service desk support
- Device compliance, health, and security posture monitoring
- Monitoring of Android OS and OEM security patch availability
- Pass-through support for OEM-controlled automated FOTA updates (monitoring and visibility only)

Excludes scheduled patch deployment, testing, validation, or assurance unless separately contracted.

Guide Pricing – Core Managed EMM

Device Volume	Guide Price (per month)
1–25 devices	£13.00
26–100 devices	£12.00
101–500 devices	£10.00
501+ devices	£8.50

Proactive Security & Lifecycle Management (Managed Patching)

Scheduled, manually coordinated deployment of Android OS and OEM firmware updates to maintain device security and operational stability. Delivery is subject to device eligibility and manufacturer support.

Guide Pricing – Managed Patching

Option	Unit	Guide Price Range
Quarterly patching (standard)	Per estate / year	£5,000 – £6,500
Monthly patching (upgrade)	Per estate / year	£8,500 – £10,500

Foundation Services (One-Off Onboarding)

Guide Pricing – Onboarding

Estate Type	Unit	Guide Price Range
Standard estate	Per estate	£2,000 – £3,000
Complex estate	Per estate	£4,000 – £6,000
Highly complex / regulated	Per estate	£7,000 – £10,000

Device Lifecycle Services (Guide prices)

Service	Unit	Guide Price
Device onboarding & initial configuration	Per device	£25
Device decommissioning (secure removal)	Per device	£25

Battery and device disposal are excluded and charged separately at cost where required.

Repair Management (Optional – Guide price)

Administrative coordination and oversight of device repair and replacement activity through approved OEMs and third-party partners.

Service	Unit	Guide Price
Repair Management	Per device / month	£4

Android Assurance (Optional – Guide prices)

Setup & Estate Mapping

Service	Unit	Guide Price Range
Standard estate	Per estate	£2,000 – £4,000
Complex / bespoke estate	Per estate	From £5,000 (quoted)

Test Events

Service	Unit	Guide Price
Standard test event	Per event	£750 – £2,000
Complex / bespoke test event	Per event	From £2,500

Out-of-Scope & Exceptional Support (Time & Materials – Guide)

Work required beyond standard incident triage (for example, remediation following OEM or platform update issues) is delivered on a time and materials basis at the following guide rates:

- Business hours: £120 per hour
- Out-of-hours (evenings, weekends, public holidays): £180 per hour (minimum 2 hours)
- Final rates and availability are confirmed via the call-off contract.

Key Assumptions

- Supported Android Enterprise devices and valid OEM support agreements
- Remote service delivery unless otherwise agreed
- Hardware supply, warranties, connectivity, bespoke development, and on-site support are excluded unless explicitly agreed
- Invoicing monthly or annually in advance in accordance with the call-off contract
