Service Definition Document : Cloud Cost
Optimisation Delivery and Governance

Classification: Public

Lot 3 – Cloud Support Services

**Wiz Digital Is A Digital Firm That Transforms
Data, AI, And Cloud Into Secure, Scalable
Products And Services.
Delivered At Speed, Engineered For Tomorrow.**

Our Mission

We Empower Organisations By Engineering Secure, Scalable Innovation That Unlocks Growth, Sharpens Efficiency And Delivers Lasting Impact.

Cloud Solutions That Drive Innovation

AI Solutions

Pilot Programs,
Automation,
and Analytics/Reporting

Data Services

Governance, Quality,
Migrations, MDM, and
Insights/Reporting

Cloud Infrastructure

Migration, Modernisation,
Managed Services, and
Deployments

Modernisation

Micro-Services,
Development, Low Code,
CRM and Architectures

Managed Services

Monitoring and
Maintenance, Application
Support, and Security

Advisory

Strategy, Change and
Process Management,
and Risk Mitigation

Delivery That Ignites Transformation

Custom Pods

A laser-focused squad, built just for your mission.

- Hand-picked cross-functional talent; Budget surety right from the start
- Flexes in size as scope evolves—no stranded bench

Embedded Teams

Our experts, fully woven into your culture.

- Operate inside your tool-chain & ceremonies
- Knowledge transfer baked in—capability uplift for your staff

Managed Services

We Run & optimise, while you focus on growth

- 24 × 7 monitoring with SLA-backed response
- Continuous improvement pipeline (cost, performance, security)

Project Delivery

Fixed outcomes against clear milestones.

- Scope, timeline, budget locked in upfront
- Dedicated delivery lead + risk registry
- Stage-gate sign-offs ensure zero surprise overruns

Cloud Financial Management And Sustainability

This category addresses the financial and environmental challenges of cloud adoption, where variable consumption models can obscure cost drivers and sustainability impact.

Our approach combines financial governance, cost optimisation, and sustainability considerations. We help clients understand unit costs, establish allocation and accountability mechanisms, and embed continuous optimisation practices.

Clients achieve better cost control, improved forecasting, and reduced waste. Cloud spend becomes more transparent and aligned to value delivery, while sustainability objectives are supported through informed platform and usage decisions.

Cloud Cost Optimisation Delivery And Governance

Cloud Financial
Management and
Sustainability

This service helps organisations realise and sustain cloud cost savings. Wiz Digital identifies optimisation opportunities, supports delivery planning, and establishes governance controls that ensure cost optimisation actions are prioritised, implemented effectively, and aligned with organisational and public sector financial management expectations.

Service Overview

- Assessment of cloud cost optimisation opportunities
- Analysis of resource usage and spend patterns
- Prioritisation of optimisation initiatives
- Estimation and validation of potential savings
- Planning of optimisation delivery activities
- Design of governance and approval processes
- Alignment with FinOps operating models
- Definition of monitoring and reporting approaches
- Consideration of risks and dependencies
- Clear optimisation documentation and handover

Service Features

- Reduced and controlled cloud expenditure
- Improved return on cloud investments
- Clear prioritisation of cost-saving actions
- Sustainable cost optimisation outcomes
- Stronger governance of cloud spending decisions
- Improved transparency of optimisation impacts
- Reduced risk of unmanaged cost growth
- Better alignment between cost and value
- Improved predictability of cloud spend
- Sustainable foundation for ongoing optimisation
