Lot 3 – Cloud Support Services

**Wiz Digital Is A Digital Firm That Transforms
Data, AI, And Cloud Into Secure, Scalable
Products And Services.
Delivered At Speed, Engineered For Tomorrow.**

Our Mission

We Empower Organisations By Engineering Secure, Scalable Innovation That Unlocks Growth, Sharpens Efficiency And Delivers Lasting Impact.

Cloud Solutions That Drive Innovation

AI Solutions

Pilot Programs,
Automation,
and Analytics/Reporting

Data Services

Governance, Quality,
Migrations, MDM, and
Insights/Reporting

Cloud Infrastructure

Migration, Modernisation,
Managed Services, and
Deployments

Modernisation

Micro-Services,
Development, Low Code,
CRM and Architectures

Managed Services

Monitoring and
Maintenance, Application
Support, and Security

Advisory

Strategy, Change and
Process Management,
and Risk Mitigation

Delivery That Ignites Transformation

Custom Pods

A laser-focused squad, built just for your mission.

- Hand-picked cross-functional talent; Budget surety right from the start
- Flexes in size as scope evolves—no stranded bench

Embedded Teams

Our experts, fully woven into your culture.

- Operate inside your tool-chain & ceremonies
- Knowledge transfer baked in—capability uplift for your staff

Managed Services

We Run & optimise, while you focus on growth

- 24 × 7 monitoring with SLA-backed response
- Continuous improvement pipeline (cost, performance, security)

Project Delivery

Fixed outcomes against clear milestones.

- Scope, timeline, budget locked in upfront
- Dedicated delivery lead + risk registry
- Stage-gate sign-offs ensure zero surprise overruns

Cloud Financial Management And Sustainability

This category addresses the financial and environmental challenges of cloud adoption, where variable consumption models can obscure cost drivers and sustainability impact.

Our approach combines financial governance, cost optimisation, and sustainability considerations. We help clients understand unit costs, establish allocation and accountability mechanisms, and embed continuous optimisation practices.

Clients achieve better cost control, improved forecasting, and reduced waste. Cloud spend becomes more transparent and aligned to value delivery, while sustainability objectives are supported through informed platform and usage decisions.

Budgeting, Forecasting And Unit Cost Modelling

Cloud Financial
Management and
Sustainability

This service helps organisations plan and predict cloud expenditure more effectively. Wiz Digital designs budgeting, forecasting, and unit cost models that improve visibility of cost drivers, support scenario planning, and enable proactive financial management aligned with organisational and public sector governance requirements.

Service Overview

- Design of cloud budgeting and forecasting approaches
- Analysis of historical spend and usage trends
- Development of unit cost and cost driver models
- Demand and growth scenario modelling
- Alignment with FinOps operating models
- Integration with tagging and allocation structures
- Assessment of forecast accuracy and risks
- Design of governance and review cadences
- Stakeholder engagement and validation
- Clear budgeting and forecasting documentation

Service Features

- Improved accuracy of cloud financial forecasts
- Better control over cloud budgets
- Clear insight into cost drivers and demand
- Reduced risk of unexpected overspend
- More informed investment and scaling decisions
- Stronger alignment between finance and delivery
- Improved governance of cloud financial planning
- Reduced financial volatility
- Greater confidence in cloud cost projections
- Sustainable foundation for cloud budgeting and forecasting
