Classification: Public

Lot 3 – Cloud Support Services

**Wiz Digital Is A Digital Firm That Transforms
Data, AI, And Cloud Into Secure, Scalable
Products And Services.
Delivered At Speed, Engineered For Tomorrow.**

Our Mission

We Empower Organisations By Engineering Secure, Scalable Innovation That Unlocks Growth, Sharpens Efficiency And Delivers Lasting Impact.

Cloud Solutions That Drive Innovation

AI Solutions

Pilot Programs,
Automation,
and Analytics/Reporting

Data Services

Governance, Quality,
Migrations, MDM, and
Insights/Reporting

Cloud Infrastructure

Migration, Modernisation,
Managed Services, and
Deployments

Modernisation

Micro-Services,
Development, Low Code,
CRM and Architectures

Managed Services

Monitoring and
Maintenance, Application
Support, and Security

Advisory

Strategy, Change and
Process Management,
and Risk Mitigation

Delivery That Ignites Transformation

Custom Pods

A laser-focused squad, built just for your mission.

- Hand-picked cross-functional talent; Budget surety right from the start
- Flexes in size as scope evolves—no stranded bench

Embedded Teams

Our experts, fully woven into your culture.

- Operate inside your tool-chain & ceremonies
- Knowledge transfer baked in—capability uplift for your staff

Managed Services

We Run & optimise, while you focus on growth

- 24 × 7 monitoring with SLA-backed response
- Continuous improvement pipeline (cost, performance, security)

Project Delivery

Fixed outcomes against clear milestones.

- Scope, timeline, budget locked in upfront
- Dedicated delivery lead + risk registry
- Stage-gate sign-offs ensure zero surprise overruns

Cloud Financial Management And Sustainability

This category addresses the financial and environmental challenges of cloud adoption, where variable consumption models can obscure cost drivers and sustainability impact.

Our approach combines financial governance, cost optimisation, and sustainability considerations. We help clients understand unit costs, establish allocation and accountability mechanisms, and embed continuous optimisation practices.

Clients achieve better cost control, improved forecasting, and reduced waste. Cloud spend becomes more transparent and aligned to value delivery, while sustainability objectives are supported through informed platform and usage decisions.

FinOps Assessment And Enablement

Cloud Financial Management and Sustainability

This service helps organisations understand and improve how they manage cloud costs. Wiz Digital assesses FinOps maturity and enables practical governance, operating models, and improvement actions that support transparent, accountable, and sustainable cloud financial management aligned with organisational and public sector expectations.

Service Overview

- Assessment of cloud cost management maturity
- Review of FinOps practices and capabilities
- Evaluation of cost visibility and allocation
- Definition of tagging and attribution approaches
- Design of FinOps operating models
- Definition of roles and responsibilities
- Governance and decision-making processes
- Consideration of tooling and platforms
- Development of a prioritised improvement roadmap
- Clear FinOps enablement documentation

Service Features

- Improved transparency of cloud spending
- Clear accountability for cost ownership
- Reduced risk of unmanaged cloud costs
- Better alignment between finance and delivery teams
- Improved budgeting and forecasting accuracy
- More informed cloud investment decisions
- Scalable and repeatable FinOps practices
- Reduced cost-related surprises
- Stronger governance of cloud expenditure
- Sustainable foundation for cloud financial management
