

Agile Project Delivery G-Cloud 15

AgileSource Overview

AgileSource is a professional services consultancy that brings extensive expertise in Business Change, Technology, Digital, and Data delivery to Government and the wider public sector.

At AgileSource, our team brings over 20 years experience in the delivery of Public Sector and Defence projects. We are committed to delivering top-tier services, driven by our passion and dedication to meeting each clients' unique needs.

AGILE PROJECT DELIVERY

Our agile delivery approach accelerates business value through experienced teams and adaptable frameworks tailored to your organisation. We drive continuous improvement, embed seamlessly with existing teams, and promote best practices for measurable, incremental outcomes— empowering stakeholders while ensuring lasting knowledge transfer to enrich future projects.

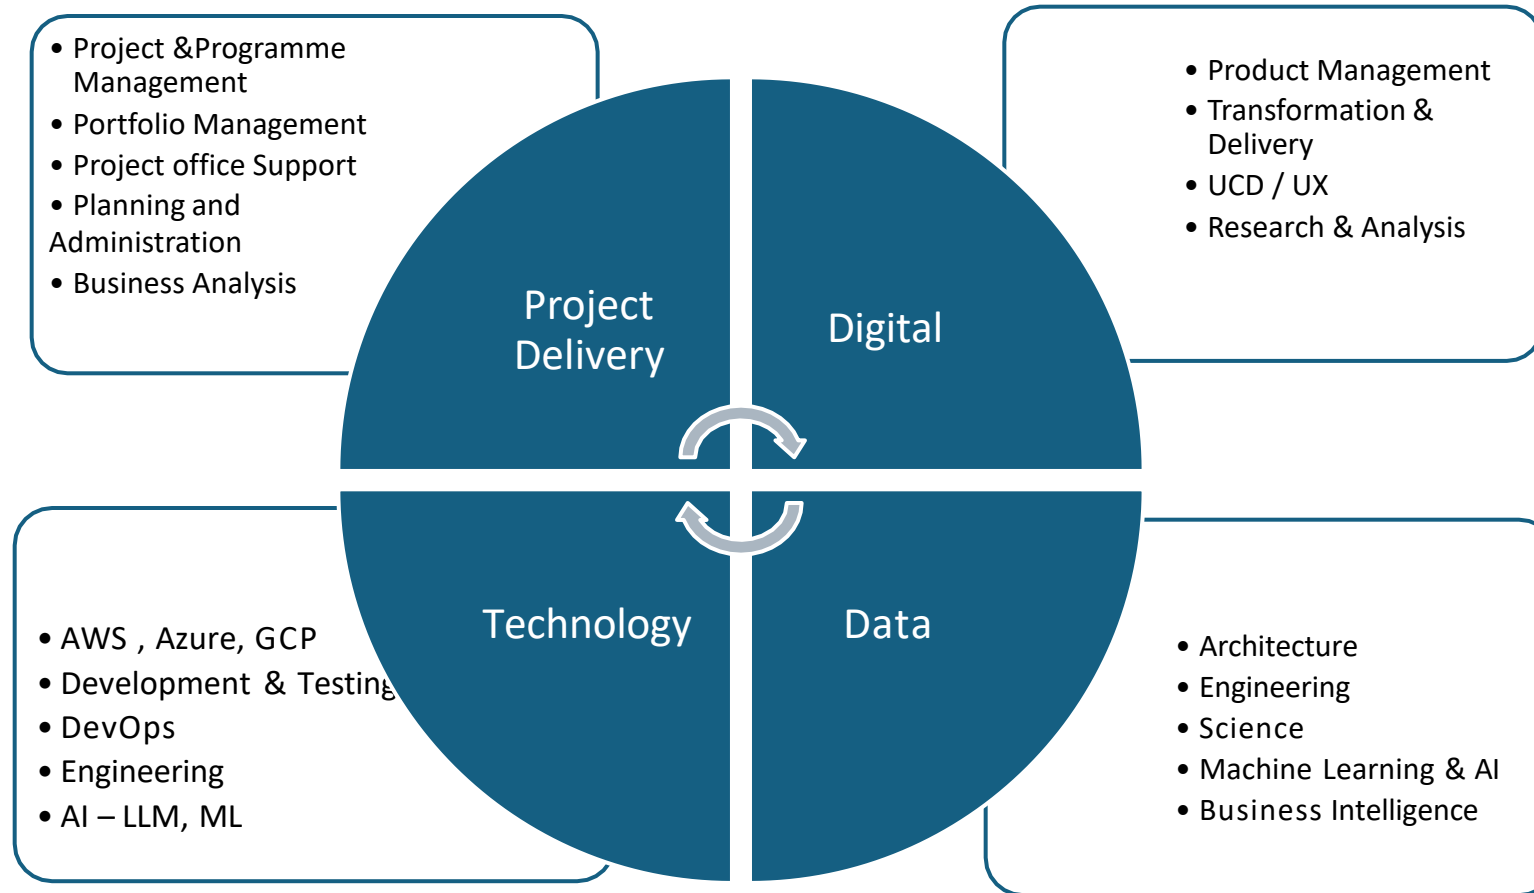

FEATURES

- Direct Lean and Agile projects with proven leadership and resources.
- Drive continuous improvement throughout the entire project lifecycle.
- Provide seasoned product managers, scrum masters, and analysts for delivery.
- Apply adaptable frameworks for efficient, agile execution.
- Embed Agile principles and methodologies across teams.
- Develop comprehensive epics, user stories, and business requirements.
- Manage backlogs effectively with strategic sprint planning.
- Support change management and smooth organisational transitions.
- Strengthen internal and external teams with robust delivery support.
- Build long-term capability through coaching, training, and skill development.

BENEFITS

- Proven Agile Practices – Deliver outcomes through established ceremonies and frameworks.
- Compelling Business Cases – Shape strong cases to drive project success.
- Incremental Value Delivery – Achieve tangible benefits through swift, iterative progress.
- Build and nurture cross-disciplinary teams for sustained excellence.
- Leverage resources experienced in public sector models to boost efficiency.
- Flexible Resourcing – Adapt to evolving demands with scalable support.
- Stakeholder Empowerment – Enhance delivery through transparency and active stakeholder engagement.
- Quality Assurance – Apply checks and KPIs to ensure measurable success.
- Cultural Alignment – Integrate seamlessly with organisational structures for optimal performance.
- Knowledge Transfer – Embed learning to strengthen future programmes and projects.
