Service Standards & Assumptions

Our day rates are based on the following standards:

- **Consultant's Working Day:** 8 hours exclusive of travel and lunch.
- **Working Week:** Monday to Friday excluding national holidays.
- **Office Hours:** 09:00 – 17:00 Monday to Friday.
- **Travel & Subsistence (T&S):**
 - Included in the day rate for work undertaken within a reasonable distance.
 - Payable at the department's standard T&S rates for travel outside these areas.

Cloud Infrastructure & AI Licensing Costs

As our service involves the design and implementation of cloud-native AI architectures (e.g., RAG pipelines, Multi-agent systems), underlying infrastructure costs are separate from consultancy fees.

- **Cloud Platform Pricing (Azure/AWS/GCP):** All cloud pricing is based on the vendor's list prices at the time of purchase. Any changes to these list prices during the lifetime of the framework will be passed on to the Customer.
- **AI Model Licensing:** Costs associated with proprietary AI models (e.g., OpenAI, Anthropic) or enterprise software are charged on a per-license or consumption basis (e.g., per token/API call) in accordance with the vendor's public pricing.

The Customer will act as the Licensee for these third-party services unless a Managed Service model is agreed upon.
