Digital Estates & Infrastructure Enablement for Health and Care

Advisory and delivery support to ensure estates and infrastructure enable current and future digital models of care. The service focuses on productivity, value for money and infrastructure decisions designed to adapt over time.

Features

- ✓ Digital estates and infrastructure readiness assessments
- ✓ Alignment of estates, IT and digital strategies
- ✓ Network, device and resilience planning
- ✓ Infrastructure enablement for diagnostics, data and digital services
- ✓ Capital investment alignment with digital priorities
- ✓ Transition planning from legacy to hybrid or cloud-enabled models

Benefits

- ✓ Prioritise productivity, operational efficiency and workforce enablement
- ✓ Focus on ROI and benefits realisation from mobilisation
- ✓ Design services that can adapt over time without major rework
- ✓ Avoid lock-in and fragile solutions
- ✓ Leave organisations more capable and less dependent

Included:

- ✓ Architecture assurance and recommendations

Not included

- ✓ Physical construction or building works
- ✓ Facilities management
- ✓ Supply of hardware or software licences
- ✓ Ongoing managed services

Designed to deliver measurable outcomes and benefits

The SCFH Advantage

Driving the Next Generation of Digital health

We are a trusted partner, working shoulder-to-shoulder with our customers to deliver their most complex digital transformation projects.

Likeability

We build relationships. We're honest, we care, and we make collaboration enjoyable. People love working with us and we're proud of that.

Credibility

Our industry-leading team in technology, delivery, client engagement, and consulting is always accessible. We're with you every step of the way, from start to finish.

Flexibility

We respond incredibly quickly to your needs. We make decisions, in partnership with you, with pace and agility
