

Harlow Solutions G Cloud 15 – Price List

Harlow Solutions – Price List

G-Cloud 15, Lot 2: Cloud Software

The table below outlines the indicative price list for Harlow Solutions' product and service offerings. Prices are indicative and subject to customer requirements, deployment model, and usage volumes.

Service	Price per unit	Unit definition	Notes
iGROW	Custom	Per organisation, per annum	Pricing is determined by user numbers, functionality, integration requirements, and deployment model.
MiRecord	£54,000	Per organisation, per annum	Price assumes an organisation with approximately 2,500 registered births per annum. Pricing may vary based on birth volumes, modules, integrations, and deployment model.
Connect+	Custom	Per organisation	Pricing based on communication volumes, channels (digital and print), integrations, and deployment model.
Implementation & Configuration	£950	Per consultant, per day	Includes setup, configuration, and technical onboarding. Scope agreed prior to delivery.
Training	From £500	Per session or per user	Pricing dependent on delivery method, duration, and number of users.
Support & Maintenance	Custom	Per annum	Based on service scope, support hours, service levels, and deployment model.
Cloud Hosting (where applicable)	Custom	Per annum	Subject to fair and reasonable usage and security requirements.

Pricing notes

- Prices are exclusive of VAT
- Final pricing is confirmed via a bespoke proposal based on scope, deployment model (cloud or on-premise), volumes, and service levels
- Minimum contract values may apply
- Discounts may be available for multi-year agreements or multi-service adoption
