Billing and support

Subscriptions are billed in advance on a monthly or annual basis. Standard support is included at no additional cost.

Integration services

Talenscio can provide optional integration services to connect the Video Interview Platform with third-party systems such as Applicant Tracking Systems (ATS), Human Resource Information Systems (HRIS), or other client systems.

Integration services are provided on a time and materials basis at the following rate:

- £1,250 per day (exclusive of VAT)

The scope, effort, and duration of any integration work will be agreed in advance and documented in a Statement of Work. Integration services are optional and not required to use the core Video Interview Platform.
