Assessment Centre Platform

talenscio
KNOW YOUR TALENT

1. Pricing Overview

The Talenscio Assessment Centre Platform is provided on a per campaign or annual basis. Clients select a minimum candidate volume band. The full value of the minimum commitment for the selected band is invoiced at the start of the 12 month period.

A fixed per candidate rate applies to all candidates within the selected band. If candidate usage exceeds the minimum commitment during the campaign period, additional candidates are charged at the same per candidate rate as the selected band.

Candidates who do not attend are not billed at the per candidate rate. Any unused places remain available for reassignment for up to 12 months after the campaign start date. Unused places are not refundable.

Annual Service Fee

Talenscio charges an annual service fee of £3,000 per year (exclusive of VAT) for G-Cloud clients using the Assessment Centre Platform. This fee covers platform hosting, service availability monitoring, standard support, routine maintenance, and ongoing service management throughout the contract term. The annual service fee is mandatory for all G-Cloud contracts that include access to the Talenscio Assessment Centre Platform.

All prices are exclusive of VAT.

2. Assessment Centre Pricing Bands (2026)

Candidate Volume	Price per Candidate (GBP)	Campaign Commitment
1 to 24	£150	£150 to £3,600
25 to 49	£130	£3,250 to £6,370

3. Included in the Per Candidate Charge

- Use of the assessment centre platform
- Candidate scheduling and communication tools
- Agenda template and activity configuration
- Assessor and administrator access
- Attendance tracking
- Scoring and recording functions
- Reporting and data export tools
- Audit logs
- Standard support

4. Optional Services

Optional services may be charged separately, including:

- Centre schedule setup and user management
- Centre facilitation
- Custom integrations
- Bespoke reporting
- Enhanced support arrangements
- Additional consultancy or configuration

Specific pricing is provided on request.

5. Integration services

Talenscio can provide optional integration services to connect the platform with third-party systems such as Applicant Tracking Systems (ATS), Human Resource Information Systems (HRIS), or other client systems.

Integration services are provided on a time and materials basis at the following rate:

- £1,250 per day (exclusive of VAT)

The scope, effort, and duration of any integration work will be agreed in advance and documented in a Statement of Work. Integration services are optional and not required to use the core assessment centre platform.

6. Additional Information

- Prices relate only to the Assessment Centre Platform.
- Video Interview Platform pricing is listed under a separate G-Cloud service.
- Minimum commitments apply for the 12 month period and are invoiced upfront.
- Additional candidates above the minimum commitment are charged at the same rate as the selected band.
- Prices are not affected by the number of users or assessors.
