

Tillr – Pricing

1. Overview

This document provides guidance on the pricing of the Tillr platform for Facilities Management, Health & Safety inspections, and compliance management. Pricing is structured to reflect the number of users, sites, hosting, and optional support and configuration services.

All prices are exclusive of VAT and subject to the terms of the Digital Marketplace agreement.

2. Pricing model

Hosting / infrastructure fee

- **Flat monthly fee:** £200
- Covers hosting, database, storage, platform maintenance, backups, and security

User licences by functionality

Forms only	Inspection / forms entry,	£20
Tasks only	Task assignment / tracking	£20
Reporting + Forms		£30
Reporting + Tasks		£30
Forms + Tasks		£30
All features		£40

Configuration services

Initial setup and configuration: £500 (one-off)

- Includes setting up:

- Sites (unlimited)
- Form templates (up to 10)
- Task defaults
- Dashboards (per user role)
- Reports (up to 10)
- Automated data exports (up to 5)
- Additional form templates, reports, or exports can be quoted separately.
- Onboarding training is available as an optional extra.

Optional support packages

- **Standard support:** included
 - Email support during UK business hours
 - Response within 2 working days
- **Enhanced support:** £150 per month
 - Priority response, phone support, and guidance on reporting and compliance queries

3. Example pricing scenarios

Scenario	Setup (one-off)	User licences	Hosting	Support	Monthly cost	First year total
Small organisation	£500	All features: 2 = £80 Tasks only: 3 = £60	£200	Standard	£340	£4,580
Medium organisation	£500	All features: 3 = £120 Reporting only: 3 = £60 Forms only: 10 = £200 Tasks only: 10 = £200	£200	Standard	£780	£9,860
Large organisation	Additional setup quoted at £1000	All features: 10 = £400 Forms only: 20 = £400 Tasks only: 20 = £400	£200	Enhanced = £150	£1,550	£19,600

These are indicative figures; final pricing will be agreed based on specific requirements and volume discounts.

4. Notes

- Pricing is for cloud-based access; no on-premises installation costs.
- User licences are based on feature access; combinations are available as outlined.

- Support and configuration packages are optional and can be tailored to customer needs.
 - All recurring subscription fees are reviewed annually and may increase in line with the UK Retail Price Index (RPI). Any changes will be communicated in advance.
 - Discounts may be available for public sector multi-site deployments.
-
