- “Bring your own” satellite devices integration included for one provider.

Additional Features (at extra cost)

Item	Price
Pilot Fee ¹ (up to 3-months)	£9,500
24/7 Control Centre Resourcing ²	POA
SMS Service ³	£200 per 1,000 SMS (approximate ⁴)
Additional bespoke training package	Contact for pricing
Additional database encryption-at-rest (customer key management)	From £1,000/year
On-premises hosting, installation and support ⁵	From £25,000/year

¹ Pilots may be performed at a reduced cost and scale (up to 100 users) for up to 3-months. If a contract is then purchased, unused pilot time will be deducted from the contract value.

² Utilise CIS 24/7 staffed Control Centre and Dashboard monitoring.

³ SMS is handled by one or more international providers is delivered on a “best effort” basis. Reliability is best when delivering within the EU/UK and can be negatively affected when roaming.

⁴ SMS costs are often unpredictable and vary across times and locations; therefore, the price is set to cover these variances where possible.

⁵ On-premises often increases the overheads associated with installation and maintenance and therefore must be assessed on a case-by-case basis.
