

What is CaptionConnect?

CaptionConnect is an AI-powered solution designed to provide real-time captions and translations for Education, Healthcare, Conferences and Events, enhancing accessibility for all attendees, including those who are deaf or hard of hearing. By providing accurate, real-time captions and multilingual translations, it ensures that all users, regardless of their hearing ability or language, can fully engage and access content, fostering a more inclusive and supportive environment for everyone.

Key Benefits

- **Real-Time Captioning** for instant access to language and communication.
- **Multilingual Translation** in over 140 languages.
- **Customisable Terminology** for industry-specific accuracy.
- **Easy Integration** with major online platforms like Zoom and Microsoft Teams.
- **Secure and Scalable** with enterprise-grade security and cloud infrastructure.
- **Data Security** with GDPR Compliance. ISO27001 Certification.

Included Features

- **Virtual Meeting Integration:** Integrates easily with virtual meeting platforms: Zoom, Microsoft Teams, Google Meet and Cisco Webex
- **QR Code Access for Users:** Enables easy access to live captions and translations via a QR code. Users can scan the QR code and access the live captioning or translation in over 140+ Languages.
- **Text-to-Speech:** Converts captions into speech for improved accessibility. When users scan the QR code they can choose to listen to it, in their preferred language.
