

TERMS AND CONDITIONS - ELEVENLABS AI VOICE GENERATION & TEXT-TO-SPEECH

ElevenLabs Contract Documents Frequently Asked Questions

Thank you for reviewing the ElevenLabs contract documents. We're excited about the opportunity to work with your company and support you in leveraging our AI audio solutions.

We wanted to take some time at the start of the contracting process to answer common questions about our products and services (Services), our Services Agreement (MSA, attached for your review) and our Data Protection Addendum (DPA, available at <https://elevenlabs.io/dpa>). We hope this document will serve as a helpful guide as you review our contract documents. **This FAQ does not form part of the contract and will be removed from the next version of the contract documents you receive.**

THE SERVICES

What is my company purchasing? ElevenLabs is an AI audio solutions company offering its technology through a SaaS model. ElevenLabs makes the applications available via webapp and API. Our Services include:

- Text-to-speech (TTS): Transform text into speech in a selected voice.
- Speech-to-speech (STS): Change speech into a different voice while preserving the original style.
- Speech-to-text (STT): Transform spoken audio into text.
- Voice cloning: Create a voice model using audio recording as input.
- Voice Library: Marketplace of voices.
- Voice Design: Generate a custom voice based on a text prompt.
- Agents: Create and configure conversational AI agents using realistic, captivating speech.
- Studio: Create voiceovers for long-form content such as news articles or audiobooks.
- Automated dubbing: Translate content across 29 languages without edits in a seamless way.
- Dubbing: End-to-end dubbing studio that allows users to manually edit transcriptions, translations and clips.
- Audio Native: Embedded audio player that automatically parses any text and generates voice output from it.
- Music: Generate music based on a text prompt.

How does ElevenLabs voice technology work? ElevenLabs uses proprietary foundational models to generate high-quality speech Output. In order to generate Output, you will need to select a voice – either from our premade voices, the Voice Library or via voice cloning. You are responsible for any cloned voices.

How is ElevenLabs different from installed, on-premises software? ElevenLabs' multi-tenant solution operates on a one-to-many model with data segregated at the application layer. The cloud-based nature of the solution means it is available and accessible, wherever you are. New updates are applied across our entire customer base and are installed instantly; no downloads are required.

How are ElevenLabs' audio tools different from large language models (LLMs), like ChatGPT and Claude? Unlike the major LLMs on the market which generate new text in response to user input(s), certain ElevenLabs solutions transform your Input directly into Output that incorporates that Input (e.g., text Input prompts to the TTS service will result in Output that renders your text in audio format). In our MSA, we use the term "Customer-Derived Output" to refer to the portions of Outputs that exist solely because of a customer's actions – specifically, what the customer included in their Input.

Do customers retain rights in Input they share with ElevenLabs? Yes. As between you and ElevenLabs, you retain all rights in Input – meaning, all data and information that you (1) transmit to ElevenLabs' systems in

connection with access or use of the Services, or (2) otherwise provide to ElevenLabs in connection with the customer agreement.

What rights do customers have in Output? As between you and ElevenLabs, you own all rights in Output. Please note that Output may be generated by, but does not include, the Models themselves.

What kinds of services does ElevenLabs offer? Certain support and maintenance for the Services is included for the duration of your customer agreement. We do not offer “work-for-hire” arrangements or custom development. However, we do offer certain additional services. These services are optional and, if purchased, will be governed by a separate agreement.

Does ElevenLabs train on Output? No. For enterprise customers, ElevenLabs does not use your Output for training purposes, except to the limited extent necessary to provide the Services to you.

THE AGREEMENT

Why does ElevenLabs require use of its contract documents? Our Services are unique, and our MSA and Order Forms are specifically tailored to address them and protect both parties. We have found that this works best for everyone and makes both the contracting process and the post-execution contract administration process more efficient and streamlined for all parties.

What is special about the ElevenLabs contract documents? Our MSA is designed specifically for our Services and the needs of enterprise customers. In particular, it:

- Defines how the Services are made available to you and your Affiliates, including the rights of your Authorized Users.
- Sets out our commitments around data privacy and security.
- Includes industry-standard terms such as warranties, confidentiality, limitations of liability, and indemnities (including IP infringement protection).
- Clearly allocates responsibilities between the parties in connection with use of the Services.

Does ElevenLabs offer termination for convenience? No. ElevenLabs operates on a subscription model, where parties commit to a multi-year relationship in exchange for favorable pricing.

DATA SECURITY / PRIVACY

How does ElevenLabs protect customer data? Customer data is stored on ElevenLabs’ servers hosted in GCP’s secure data centers. ElevenLabs has received the following certification: SOC-2 Type 2. ElevenLabs obtains independent SOC-2 audit reports annually and you can request a copy at any time here: <https://compliance.elevenlabs.io/>.

Does ElevenLabs use third party services to deliver the Services? Yes. ElevenLabs uses technology service suppliers to help deliver our Services. These suppliers provide hosting solutions, support technology, and similar solutions, and ElevenLabs maintains responsibility for the performance of these suppliers in contract. A list of our subprocessors is available here: <https://compliance.elevenlabs.io/>.

Will ElevenLabs permit customers to audit ElevenLabs? To provide customers with evidence of ElevenLabs’ security controls, ElevenLabs obtains third party SOC-2 audit reports. ElevenLabs also engages reputable third parties to perform penetration tests. Please see our compliance site (available here: <https://compliance.elevenlabs.io/>) for more information on our security controls and certifications, and to request access to the results of our latest third-party audit reports.

Why does ElevenLabs require suspension rights? This is for the benefit of you and all other customers using our Services. ElevenLabs is constantly monitoring the Services for attacks from third parties, internal compromises, and other threats. In order to maintain the integrity and security of your data, ElevenLabs will suspend a customer's access to the Services if we determine that there may be a potential threat.

Will ElevenLabs sign a DPA? Yes, however please note that we cannot sign customer-specific terms. We have prepared a DPA (available here: <https://elevenlabs.io/dpa>). It is tailored to our Services and reflects the processes we have implemented within our organization and with our subprocessors. It is automatically included in our MSA and forms part of our customer agreement. Our DPA incorporates the standard contractual clauses (SCCs) by reference.

Will ElevenLabs sign a BAA? Yes, however please note that we cannot sign customer-specific terms. The covered services under the ElevenLabs Business Associate Agreement (BAA) are identified on our compliance website (available at <https://compliance.elevenlabs.io/>) as HIPAA Eligible Services.

How is tax handled for Alabama customers? We will collect the "Simplified Sellers Use Tax" on taxable transactions delivered into Alabama and such tax will be remitted on your behalf to the Alabama Department of Revenue.

We hope this document has helped provide clarity when contracting with ElevenLabs and will ultimately save you time and resources when going through the diligence and contracting process. Should you have any questions or concerns with the contract documents provided to you, we suggest scheduling an initial call between our contract team and yours.

ElevenLabs Services Agreement

This ElevenLabs Services Agreement ("**Services Agreement**") effective as of the date of last signature below ("**Effective Date**") applies to and governs access to and use of the ElevenLabs services (collectively, the "**Services**") and related materials provided pursuant to an order form between _____ ("**Customer**") and Eleven Labs Inc. ("**ElevenLabs**"). This Services Agreement is hereby incorporated by reference into each applicable order form (the "**Order Form**") entered into by Customer and ElevenLabs. Collectively, this Services Agreement and all Order Forms under it, including all exhibits or attachments, constitute the "**Agreement**."

If Customer has accepted or executed this Services Agreement and also has accepted the ElevenLabs **Terms of Use EU** (available at <https://elevenlabs.io/terms-of-use-eu>) (the "**Platform Terms**"), this Services Agreement replaces such Platform Terms and governs the use of the enterprise plan Services in its place.

1. SERVICES

- 1.1 Service Obligations. Subject to the terms and conditions of the Agreement, ElevenLabs will, itself or through its Affiliates (defined below) or subcontractors, provide to Customer the Services as specified in the Order Form.
- 1.2 Affiliates. Customer may procure Services under the Agreement for its own benefit and may permit one or more of its Affiliates to access and use the Services in accordance with Section 1.3 provided, Customer remains responsible for all acts and omissions of its Affiliates in connection with the Agreement. In addition, Customer's Affiliates may independently procure Services under the Agreement by entering into separate Order Forms with ElevenLabs. Each such Order Form, together with this Services Agreement, shall constitute a separate agreement between ElevenLabs and the respective Customer Affiliate. In such cases, references to "Customer" in the Agreement shall be deemed to refer to the applicable Customer Affiliate. If a Customer Affiliate ceases to qualify as an Affiliate, its right to order Services under this Services Agreement will terminate, and it must enter into a separate agreement with

ElevenLabs to continue receiving Services. “**Affiliate**” means, with respect to a party, any entity that directly or indirectly controls, is controlled by, or is under common control with such party, where “control” means ownership of more than 50% of the voting interests of such entity.

- 1.3 Access and Use Rights. Subject to the terms and conditions of the Agreement, ElevenLabs hereby grants to Customer a limited, non-exclusive, and non-transferable (except in connection with a permitted assignment under Section 11.4) right, during the Term, to access and use the Services as specified in the applicable Order Form. The Services are not for resale to any third party. Additionally, and unless expressly agreed in writing in the applicable Order Form (in which case, the additional terms and conditions set forth in **Exhibit A** (Customer Solution Terms and Conditions) (“**Exhibit A**”) shall apply), the Services may not be bundled, made available or sublicensed to any third party. ElevenLabs reserves all rights not expressly granted to Customer under the Agreement, and no other rights in any data or intellectual property are granted by implication, estoppel, waiver, or otherwise. For clarity, Customer’s access and use rights are limited to the Services and do not include any right to access or use ElevenLabs’ Models (defined below) independently of the Services.
- 1.4 Authorized Users. Customer will allow only Authorized Users to access or use the Services and will take commercially reasonable measures to protect such Authorized Users’ user IDs and corresponding passwords, including by prohibiting and preventing any Authorized User, or any other person or entity, from sharing such user IDs or passwords. “**Authorized Users**” means Customer’s employees and independent contractors (or those of its Affiliates) who are specifically authorized by Customer to access or use the Services, in each case whether or not such employees or independent contractors actually access or use the Services. Customer will be responsible for the acts and omissions of its Authorized Users.
- 1.5 Suspension. ElevenLabs may limit or suspend Customer’s access to the Services if: (a) it is required to do so by law; (b) Customer, any Authorized User, or any End User (as applicable) materially breaches the Agreement or the Prohibited Use Policy (defined below) and such action is necessary to prevent or mitigate a High-Risk Emergency (defined below); or (c) Customer fails to make timely payment in accordance with the Agreement. ElevenLabs will: (i) provide prior notice and an opportunity to cure of at least 10 days before suspension (“**Cure Period**”), unless immediate action is required; and (ii) tailor a limitation or suspension to the scope necessary to address the issue and cooperate with Customer to restore access once the triggering condition is resolved. “**High-Risk Emergency**” means use of the Services by Customer or an Authorized User that could reasonably result in a security risk, credible risk of harm, infringement of third-party rights, or liability to ElevenLabs, the Services, or any third party.
- 1.6 Usage Data. Notwithstanding anything to the contrary herein, ElevenLabs may collect and use usage data and information related to Customer’s use of the Services in an aggregate and anonymized manner, including to compile statistical and performance information related to the provision and operation of the Services and for billing purposes. For avoidance of doubt, such data will not include Customer’s Personal Data (as such term is defined in the DPA) or Customer Content (defined below).
- 1.7 Personal Data. The ElevenLabs’ Data Processing Addendum (available at <https://elevenlabs.io/dpa>) (the “DPA”) governs ElevenLabs’ Processing (as such term is defined in the DPA) of any Personal Data in Input (defined below) submitted to the Services.
- 1.8 Information Security. ElevenLabs will use industry standard measures designed to protect the security and integrity of Customer Content that is collected, accessed, stored or received by ElevenLabs in connection with the Services. ElevenLabs will participate in an annual third-party audit certification process, such as SOC 2 Type II, for its applicable Services and will provide evidence of such certification to Customer upon request.
- 1.9 Updates. ElevenLabs may modify the Services, including their features and functionality, at any time, provided that such updates do not result in a material degradation of the overall functionality or performance of the Services used by Customer. ElevenLabs may require Customer to transition to the

most current version of the ElevenLabs API upon at least 90 days' prior notice, which may be provided through any reasonable means, including via in-Services notifications. Following such notice, ElevenLabs may deprecate older API versions. Customer acknowledges that continued use of outdated API versions may impact interoperability, or the availability, performance or supportability of the Services. Customer is solely responsible for making any necessary changes to its systems, applications, or integrations to ensure continued compatibility with the Services.

- 1.10 Beta Services. From time to time, ElevenLabs may make available services or functionality to Customer that are not generally made available to ElevenLabs customers and/or are designated as alpha, beta, pilot, preview, or similar designation ("Beta Services"). If made available to Customer by ElevenLabs, Customer may elect or decline to try such Beta Services in its sole discretion. Beta Services are (a) intended solely for evaluation purposes and not for production use; (b) provided on an "as is" basis; and (c) may be subject to additional terms. Beta Services are not considered "Services" under the Agreement. However, all restrictions, ElevenLabs reservations of rights, and Customer's obligations concerning the Services will apply equally to Customer's use of Beta Services. Unless otherwise stated, any Beta Services trial period will expire on the earlier of one year from the trial start date or the date that a version of the Beta Services becomes generally available without the applicable Beta Services designation. ElevenLabs may discontinue Beta Services at any time in its sole discretion and may elect to never make them generally available. ElevenLabs has no liability for any harm or damage arising out of or in connection with a Beta Service.

2. RESTRICTIONS AND RESPONSIBILITIES

- 2.1 Compliant Use. Customer represents, covenants, and warrants that Customer will use the Services and Customer Content only in compliance with the Agreement, the Prohibited Use Policy (available at <https://elevenlabs.io/use-policy>) (the "**Prohibited Use Policy**"), and all applicable laws, rules, and regulations. ElevenLabs may independently conduct limited, periodic reviews of the Customer's use of the Services to ensure compliance with the Agreement.
- 2.2 Export Controls and Sanctions. Each party is responsible for its compliance with applicable United States export controls and for any violation of such controls, including, as applicable, any United States embargoes or other federal rules and regulations restricting exports. Each party represents, covenants, and warrants that it is not located in a country or territory that is subject to economic sanctions or trade embargoes imposed by the United States Government (including Belarus, Cuba, Iran, North Korea, Russia, Syria, and the annexed regions of Ukraine), that such party is not on any United States Government denied-party list, and that such party will comply fully with all applicable sanctions and export laws and regulations of the United States and other international trade laws applicable to its use or provision of the Services.

Customer shall be responsible for (a) obtaining and maintaining any equipment and ancillary services needed to connect to, access or otherwise use the Services, including modems, hardware, servers (including cloud hosting, if applicable), operating systems, data backup systems, networking, web servers, software, and the like (collectively, "**Equipment**"); (b) maintaining the security of the Equipment, Customer accounts, passwords (including user IDs and other administrative and user passwords) and files; (c) all uses of Customer's account or the Equipment with or without Customer's knowledge or consent; and (d) reasonably assisting and cooperating with ElevenLabs as necessary for ElevenLabs to perform the Services. Except as expressly set forth in the Agreement, ElevenLabs is not responsible for supplying any Equipment to Customer under the Agreement.
- 2.4 Restricted Access. Customer shall not, directly or indirectly, permit any person to access or use the Services except as expressly permitted by the Agreement. Customer shall notify ElevenLabs as soon as practicable upon becoming aware of any unauthorized access to or use of the Services. Customer shall be responsible and liable for all access to and use of the Services resulting from access provided by Customer, directly or indirectly.

- 2.5 No PHI or other Sensitive Personal Data. Customer shall not provide any Input that includes (i) protected health information (“**PHI**”) as defined by the Health Insurance Portability and Accountability Act (HIPAA) of 1996, Pub. L. No. 104-191 except as permitted by an executed HIPAA BAA; or (ii) PHI or personal data revealing racial or ethnic origin, political opinions, religious or philosophical beliefs, or trade union membership genetic data, biometric data for the purpose of uniquely identifying a natural person, data concerning health or data concerning a natural person’s sex life or sexual orientation within the meaning of Art. 9 EU General Data Protection Regulation 2016/679 except as permitted by applicable law.

3. INTELLECTUAL PROPERTY

- 3.1 ElevenLabs Rights. As between Customer and ElevenLabs, ElevenLabs owns and retains all right, title and interest in and to the Services, the Models and all Intellectual Property Rights therein. “**Intellectual Property Rights**” means any and all registered and unregistered rights granted, applied for, or otherwise now or hereafter in existence under or related to any patent, copyright, trademark, trade secret, or other intellectual property rights, in any part of the world. “**Models**” means ElevenLabs’ foundational and other artificial intelligence voice models, audio generation models, language learning models, and other artificial intelligence models, tools and technologies. ElevenLabs may also use and exploit, without any payment or attribution obligation of any kind, any feedback, suggestions, or ideas (“**Feedback**”) Customer or any of its personnel, employees, agents, or subcontractors provide to ElevenLabs in connection with the Agreement or the Services. To the extent permitted under applicable law, Customer waives any moral and similar rights it may have in such Feedback.
- 3.2 Customer Rights. As between Customer and ElevenLabs, Customer is and shall remain the sole and exclusive owner of any and all right, title, and interest (and ElevenLabs hereby disclaims any and all ownership or other right, title or interest) in and to (a) input that Customer, its Authorized Users, or its End Users provide to the Services pursuant to the Agreement (“**Input**”); and (b) any data, content, or material generated by the Services for Customer, other than the Models (“**Output**”) (Input and Output, collectively, the “**Customer Content**”). Due to the nature of machine learning, Output may not be unique across users. Outputs generated for other users are not Customer’s Outputs, and Customer shall have no rights in them.
- 3.3 Customer License. Customer hereby grants to ElevenLabs a limited, non-exclusive, non-transferable license to use Customer Content solely to the extent necessary to enable ElevenLabs to perform its’ obligations under the Agreement (including to provide Customer with the Services), comply with applicable law, enforce the Agreement, and prevent abuse. ElevenLabs will not use Customer Content for any training purposes, other than solely necessary for ElevenLabs to provide the Services to Customer.
- 3.4 Customer Content Representations and Warranties. Customer represents, covenants, and warrants that (a) it is either the owner of, or otherwise has the necessary rights and licenses to use and to authorize ElevenLabs to use, Input as permitted under the Agreement; and (b) it has the written consent, release, or permission of each and every natural person whose personal data or likeness (including voice or other audio likeness) appears in Input, to permit the inclusion, creation and use of such Customer Content as permitted under the Agreement.
- 3.5 Customer Requirements.
- (a) Notwithstanding anything to the contrary in the Agreement, Customer will not and will not permit any third parties to (i) use Output to develop artificial intelligence models that compete with ElevenLabs’ products and services or (ii) Reverse Engineer (defined below) any aspect of the Services or the systems used to provide the Services. “**Reverse Engineer**” means reverse assemble, reverse compile, decompile, translate, engage in model extraction or stealing attacks, or otherwise attempt to discover the source code or underlying components of the Services, algorithms, or systems of the Services (except to the extent these restrictions are contrary to applicable law).

- (b) Customer is solely responsible for ensuring that Customer Content complies with all applicable laws and does not infringe or misappropriate any third-party rights, including intellectual property, publicity, or personality rights.

4. CONFIDENTIALITY

- 4.1 Definition. “**Confidential Information**” means any information of the disclosing Party (the “**Discloser**”) that is (a) marked as “Confidential” or with a similar designation, or (b) that, given the nature of the information or the circumstances surrounding its disclosure, reasonably should be understood to be confidential or proprietary. Without limiting the foregoing, Confidential Information of ElevenLabs includes the Agreement, its pricing, and non-public information regarding the features, functionality, and performance of the Services, and Confidential Information of Customer includes non-public Customer Content. Confidential Information does not include information that the receiving party (the “**Recipient**”) can demonstrate, through competent written records: (i) is or becomes publicly available through no fault of, or breach by, the Recipient; (ii) was lawfully in the Recipient’s possession without any obligation of confidentiality prior to disclosure by the Discloser; (iii) was independently developed by Recipient and without use of or reference to the Discloser’s Confidential Information; or (iv) was lawfully received from a third party without restriction on use or disclosure and without breach of any confidentiality obligation.
- 4.2 Mutual Obligations. Each party will: (a) take reasonable measures to hold all Confidential Information of the other party in confidence at all times, using at least the same degree of care to protect the Discloser’s Confidential Information as it uses to protect its own Confidential Information of like nature, but at least reasonable care; (b) use such Confidential Information only to perform its obligations and exercise its rights under the Agreement; and (c) not transfer or disclose such Confidential Information to any individual or entity except to the directors, officers, employees, agents, contractors, accountants, auditors, or legal and financial advisors of such party who need to know such Confidential Information and who are under confidentiality obligations substantially similar to those set forth hereunder; provided, that the handling and treatment of Confidential Information in accordance with the Agreement by any such individual or entity will be such party’s full responsibility. Notwithstanding the foregoing, a Recipient may disclose the Discloser’s Confidential Information to the extent required by law provided that the Recipient (i) notifies the Discloser in writing prior to disclosure of the information so that the Discloser has a reasonable opportunity to obtain a protective order; (ii) provides commercially reasonable assistance to the Discloser, upon request and at the Discloser’s expense, in any attempt to limit or prevent the disclosure of the Confidential Information; and (iii) discloses only the minimum Confidential Information actually required to be disclosed.
- 4.3 Equitable Relief. Each party agrees that the other party may have no adequate remedy at law if there is a breach or threatened breach of Section 4.1 or 4.2 and, accordingly, that the non-breaching party will be entitled to seek injunctive or other equitable relief to prevent or remedy such a breach, in addition to any legal remedies available to that party, without the necessity of proving actual damages and without the necessity of posting a bond (or other security).

5. PAYMENT OF FEES

- 5.1 Fees. Customer will pay ElevenLabs all fees described in Order Forms (the “**Fees**”). If Customer believes that ElevenLabs has billed Customer incorrectly, Customer must contact ElevenLabs no later than 30 days after the date of first invoice in which the error or problem appeared to receive an adjustment or credit. Inquiries should be directed to ElevenLabs’ customer support department.
- 5.2 Payment. Customer will pay all invoices within 30 days of the invoice date. Unpaid amounts are subject to a finance charge of 1.5% per month on any outstanding balance, or the maximum permitted by law, whichever is lower. Customer will reimburse any costs or expenses (including, without limitation, collection agency’s fees, reasonable attorneys’ fees, and arbitration or court costs) incurred by ElevenLabs to collect any amount that is not paid when due. Customer shall be responsible for all taxes associated with Services other than taxes based on ElevenLabs’ net income. Amounts due, including all

sales, use, or other taxes or duties, must be paid in full without deduction or set off. If applicable law requires withholding taxes, Customer shall gross up payment to ensure ElevenLabs receives the full amount owed. Customer agrees to indemnify, defend, and hold harmless ElevenLabs against any additional taxes, interest, or penalties resulting from its non-compliance with this Section 5.2.

6. TERM AND TERMINATION

- 6.1 Term. Unless earlier terminated as provided in the Agreement, this Services Agreement is effective as of the Effective Date and remains in effect until all Order Forms entered into hereunder have expired or have been terminated (“**Term**”).
- 6.2 Mutual Right to Terminate for Material Breach. Either party may terminate the Agreement immediately upon written notice to the other if the other party materially breaches the Agreement and, where such breach is capable of cure, fails to cure it within 30 days after receiving written notice reasonably detailing the nature of the breach.
- 6.3 Effect of Termination. Upon termination of the Agreement, (a) Customer will pay ElevenLabs all Fees due and payable prior to such termination; (b) all rights, licenses, consents, and authorizations granted by either party to the other hereunder will immediately terminate; (c) Customer will immediately cease all use of any Services; and (d) each party will return or destroy (and, upon request, certify in writing to the destruction of) any Confidential Information of the other party in such party’s possession or control. - 7.2 ElevenLabs’ Warranties. ElevenLabs represents and warrants that, during the Term, the Services will materially conform to the specifications set forth in the applicable Order Form (“**Specifications**”).
- 7.3 DISCLAIMERS. EXCEPT AS EXPRESSLY PROVIDED IN SECTION 7.2, THE SERVICES (INCLUDING ALL OUTPUT) ARE PROVIDED ON AN “AS IS” AND “AS AVAILABLE” BASIS, WITH ALL FAULTS. ELEVENLABS DOES NOT WARRANT, AND DISCLAIMS THAT, THE SERVICES OR OUTPUTS ARE ACCURATE, COMPLETE OR ERROR-FREE OR THAT THEIR USE WILL BE UNINTERRUPTED. ELEVENLABS MAKES NO WARRANTIES, EXPRESS OR IMPLIED, STATUTORY OR OTHERWISE, INCLUDING ANY IMPLIED WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE OR NON-INFRINGEMENT AND ANY WARRANTIES CONCERNING RESULTS OBTAINED FROM CUSTOMER’S USE OF THE SERVICES, TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW. ALL THIRD-PARTY SERVICES AND THIRD-PARTY CONTENT ARE PROVIDED “AS IS” AND “AS AVAILABLE” EXCLUSIVE OF ANY WARRANTY WHATSOEVER.
- 7.4 Warranty Exclusions. The warranty set forth in Section 7.2 applies only to use of the Services in accordance with the Agreement and ElevenLabs’ written instructions regarding use of the Services. ElevenLabs will not have any liability under Section 7.2 for any Services that fail to conform to the Specifications if such failure is caused by any (a) misuse, incorrect installation, calibration, mishandling, neglect, improper storage, accident, or abuse of such Services; or (b) modification, alteration or repair of such Services performed by anyone other than ElevenLabs.
- 7.5 Exclusive Warranty Remedies. For any Services that fail to meet the warranty in Section 7.2, ElevenLabs will, at its expense and sole discretion, repair the affected Services, provide a Fee credit or offset as

described in the applicable Order Form. THE REMEDIES SET FORTH IN THIS SECTION 7.5 ARE CUSTOMER'S SOLE AND EXCLUSIVE REMEDIES, AND ELEVENLABS' SOLE AND EXCLUSIVE LIABILITY, FOR ANY BREACH OF THE WARRANTY IN SECTION 7.2.

8. INDEMNIFICATION

- 8.1 Definitions. As used herein, "**Claim**" means any claim, action, or proceeding, in each case brought or made against Indemnitee (defined below) by a third party. "**Losses**" means all substantiated losses, damages, liabilities, deficiencies, settlements, judgments, awards, penalties, interest, fines, costs, fees and expenses of whatever kind (including reasonable attorneys' fees and legal costs and expenses) actually incurred by Indemnitee.
- 8.2 ElevenLabs Obligations; Claims against Customer. ElevenLabs, at its expense, will defend, indemnify, and hold Customer harmless from and against any and all Losses in connection with any Claim to the extent arising from the infringement, misappropriation or violation of such third party's Intellectual Property Rights to the extent resulting from ElevenLabs' provision of the Services to Customer. Notwithstanding the foregoing, ElevenLabs' indemnification obligations under this Section do not apply if the alleged infringement or misappropriation arises from: (a) Input or the portion of Output that is directly derived from Input ("**Customer-Derived Output**"); (b) modifications made to the Services or Output by any party other than ElevenLabs, including the combination of the Services or Output with technology or content not provided by ElevenLabs; (c) use of the Services or Output in a manner that is known, or reasonably should have been known, to violate or infringe the rights of others; or (d) Customer's applications, products or services that integrate with the Services ("**Customer Applications**"), if the claim would not have arisen but for the applicable Customer Application.
- 8.3 Customer Obligations; Claims against ElevenLabs. Customer, at its expense, will defend, indemnify, and hold ElevenLabs harmless from and against any and all Losses in connection with any Claim to the extent arising from or related to: (a) Input and Customer-Derived Output; (b) use of Output by any party other than ElevenLabs or its Affiliates (or a third party at its or their direction); (c) use of the Services in violation of the Agreement; or (d) any Customer Applications.
- 8.4 Procedure. The party providing the indemnification ("**Indemnitor**") shall have exclusive control of the defense of any Claims and all negotiations for settlement or compromise of a Claim; provided that (a) the indemnified party ("**Indemnitee**") may, at its own cost and expense, appoint its own counsel with respect to defense of the Claim; and (b) the Indemnitor shall not have the right to settle any Claim without the prior written consent of the Indemnitees, not to be unreasonably withheld, conditioned, or delayed, to the extent that the settlement (i) does not provide for a full and unconditional release of the Indemnitees, or (ii) imposes any form of equitable relief against the Indemnitees. The Indemnitees shall provide all reasonable assistance in defending any Claim as may be requested by the Indemnitor, at the Indemnitor's sole cost and expense. The Indemnitee shall give the Indemnitor written notice of the Claim subject to indemnification hereunder, provided that in no event will an Indemnitee's failure to provide such notice relieve or excuse the Indemnitor's obligations under this Section 8 unless the Indemnitor is actually and materially prejudiced thereby.
- 8.5 ElevenLabs Options; Customer's Exclusive Remedies. If the Services have or ElevenLabs reasonably believes that the Services may become subject to a claim of infringement, misappropriation or any other violation of third-party Intellectual Property Rights or proprietary rights, then ElevenLabs may, at its sole option: (a) procure the rights necessary to continue providing the Services; (b) modify the Services to make them non-infringing; or (c) cancel providing its applicable Services to Customer. If ElevenLabs cancels its provision of Services to Customer, Customer will immediately discontinue all use of the Services and ElevenLabs will provide Customer with a refund for pre-paid and unused Services if any. SECTIONS 8.2 AND 8.5 SET FORTH ELEVENLABS' SOLE OBLIGATIONS AND CUSTOMER'S SOLE AND EXCLUSIVE REMEDIES FOR ANY THIRD-PARTY CLAIM OR ALLEGATION THAT ELEVENLABS HAS INFRINGED, MISAPPROPRIATED, OR OTHERWISE VIOLATED ANY THIRD-PARTY INTELLECTUAL PROPERTY RIGHT OR ANY OTHER THIRD-PARTY PROPRIETARY, PERSONAL,

OR PRIVACY RIGHT.

9. LIMITATION OF LIABILITY

- 9.1 Indirect Damages. NOTWITHSTANDING ANYTHING TO THE CONTRARY HEREIN, EXCEPT FOR EITHER PARTY'S GROSS NEGLIGENCE OR WILLFUL MISCONDUCT, OR A PARTY'S MISAPPROPRIATION OR VIOLATION OF THE OTHER PARTY'S INTELLECTUAL PROPERTY RIGHTS, IN NO EVENT WILL EITHER PARTY OR ITS SUPPLIERS, OFFICERS, AFFILIATES, REPRESENTATIVES, CONTRACTORS, OR EMPLOYEES BE RESPONSIBLE OR LIABLE WITH RESPECT TO THE AGREEMENT OR THE SERVICES, UNDER ANY CONTRACT, NEGLIGENCE, STRICT LIABILITY OR OTHER THEORY FOR ANY INDIRECT, EXEMPLARY, INCIDENTAL, SPECIAL, OR CONSEQUENTIAL DAMAGES, WHETHER OR NOT A PARTY HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.
- 9.2 Aggregate Damages. 10. DISPUTE RESOLUTION

- 10.1 Mandatory Informal Dispute Resolution. For any dispute or claim between the parties arising out of or relating to the Agreement or the Services, (collectively, "**Disputes**", and each a "**Dispute**"), Customer and ElevenLabs agree to attempt to first resolve the Dispute informally. If Customer and ElevenLabs cannot reach an agreement to resolve the Dispute within 30 days after Customer or ElevenLabs receives notice of the Dispute, then either party may submit the Dispute to binding arbitration as set forth below. The statute of limitations and any filing fee deadlines shall be tolled for 30 days from the date that either Customer or ElevenLabs first send the applicable notice so that the parties can engage in this informal dispute-resolution process.
- 10.2 Mandatory Arbitration. Except for any disputes exclusively related to the intellectual property or Intellectual Property Rights of Customer or ElevenLabs, including any disputes in which Customer or ElevenLabs seek injunctive or other equitable relief for the alleged unlawful use of Customer's or ElevenLabs' intellectual property or other infringement of Customer's or ElevenLabs' Intellectual Property Rights, all Disputes that are not resolved in accordance with Section 10.1 will be resolved by a neutral arbitrator through final and binding arbitration instead of in a court by a judge or jury. The arbitration shall be administered as set out in Section 11.11. The arbitrator will have the authority to grant any remedy or relief that would otherwise be available in court. The remedies and reliefs rendered by the arbitrator may be confirmed and enforced in any court having jurisdiction. Unless Customer and ElevenLabs agree otherwise, any decision or award will include a written statement stating the decision of each claim and the basis for any award, including the arbitrator's essential factual and legal findings and conclusions. The parties will cooperate to seek from the arbitrator protection for any confidential, proprietary, trade secret, or otherwise sensitive information, documents, testimony, and other materials that might be exchanged or the subject of discovery in the arbitration.

11. MISCELLANEOUS

- 11.1 Force Majeure. Neither party shall be liable to the other party for any failure to perform any of its obligations under the Agreement (not including its payment obligations) during any period in which such

Notwithstanding the foregoing, either party may assign the Agreement without the other party’s consent to (a) an Affiliate, or (b) a successor in connection with a merger, acquisition, consolidation, corporate reorganization, or sale of all or substantially all of its stock or assets. Any such inspections will be conducted no more than once per calendar year, and in a manner not designed to interfere unreasonably with Customer's ordinary business operations. Notwithstanding the foregoing, if any such inspection reveals material noncompliance with the terms and conditions of the Agreement or any applicable End User Agreements, ElevenLabs may conduct additional inspections as reasonably necessary to verify compliance. ElevenLabs will cover the expenses of any third-party auditor it engages.

4. **ORDERS AND PAYMENT.** Customer will independently establish the subscription price of the Bundled Service for its End Users.

5. **SUPPORT.** Customer will provide knowledgeable assistance to End Users regarding Services. 9.1 **Permitted Government Engagements.** Customer may Make Available the Bundled Service to Government Entities, provided that Customer assumes sole responsibility for ensuring compliance with all applicable laws, regulations, and contractual requirements related to government procurement.

9.2. **No Expansion of ElevenLabs' Obligations.** Customer represents and warrants that it will ensure that Making Available the Bundled Service does not impose additional obligations, certifications, or

requirements on ElevenLabs unless ElevenLabs provides prior written consent to such additional obligations, certifications or requirements in each case.

9.3. Indemnification for Government Entity Use. Customer agrees to indemnify, defend, and hold harmless ElevenLabs, its Affiliates, and their respective officers, directors, employees, and agents from and against any and all Losses arising out of or related to:

- (a) if Customer fails to comply with its obligations under this Section 9; or
- (b) if any Government Entity End User imposes additional compliance obligations, certifications, operational requirements, or other conditions on ElevenLabs that ElevenLabs deems, in its sole discretion, commercially unreasonable, unduly burdensome, or inconsistent with its business practices.
