Peer Review Case Management System

G-Cloud 15 Pricing Document

Lot 2b: Software as a Service (SaaS)

Introduction

This document provides pricing information to supplement the information submitted on the Digital Marketplace for G-Cloud 15 for TACTIC's Peer Review Case Management System*.

TACTIC Peer Review Case Management System replaces manual, spreadsheet-driven workflows with auditable, role-based review processes and real-time performance insight.

TACTIC Peer Review Case Management is available configured as a SaaS platform to support newborn ABR testing peer review processes under Lot 2b.

Modules	ABR Cases	Unit Price (annual)
Peer Review Case Management- ABR	0-50	£2,500
Per Additional case reviewed >50	1	£50
Trust Dashboard	-	Included
Regional/Network Dashboard	-	£5,000

TACTIC Peer Review Case Management is available to be configured as a SaaS platform to support other diagnostic or clinical services, whereby the deployment requires workflow design, data model configuration, or integration activity; these adaptation services are available under G-Cloud Lot 3 (Cloud Support).

As a part of the Lot 3 support service, the annual SaaS costs will be established according to service scale, complexity and support requirements. The table below sets out the maximum SaaS annual charge.

Modules	Max Unit Price (annual)
Peer Review Case Management - Other diagnostic or clinical service.	£25,000
Regional/Network Dashboard where multiple services operate in cooperation.	£5,000

TACTIC is a software service which constantly evolves to meet the needs of the users. For the latest detail of the features and functions visit www.certus-tech.com
