

Workbie Pricing & Service Options

Delivered by Software Advance Limited

Workbie is designed to scale with your business. Our pricing model is flexible, modular, and tailored to your operational needs. Clients can choose from three core packages — **Basic**, **Standard**, and **Elite** — with optional modules and custom development available to build the exact system they require.

1. Core Packages

Basic Package

Ideal for small teams or businesses that need essential tools.

- CRM & Contact Management
- Basic Job Management
- Task Management
- Standard Reporting
- Email Support

Monthly Cost: £25–£35 per user

Setup Cost: £2,000–£5,000

Standard Package

For growing businesses needing more operational control.

- Everything in Basic
- Advanced Job & Project Management
- HR & Workforce Tools
- Stock & Supplier Management
- SMS Communication Tools
- Priority Support

Monthly Cost: £45–£85 per user

Setup Cost: £5,000–£10,000

Elite Package

For businesses with complex workflows, multi-site operations or custom requirements.

- Everything in Standard
- Custom Dashboards & Reporting
- Advanced Automation
- API Access & Integrations
- Advanced Security & Compliance Options
- Dedicated Account Manager

Monthly Cost: £85–£120 per user

Setup Cost: £10,000–£15,000

2. Modular Add-Ons

Each package can be extended with optional modules:

- **Advanced HR Suite** (holidays, timesheets, onsite clock-in/out)
- **Warehouse & Stock Pro Module**
- **Sales & Marketing Automation**
- **Project Boards + Gantt Tools**
- **Industry-Specific Packs** (construction, manufacturing, hospitality, salons, etc.)

Add-on pricing varies depending on scope and user count.

3. Custom Development Services

Workbie can be tailored to your exact requirements.

Custom Development

- Bespoke features
- Industry-specific workflows
- Unique modules designed around your processes

Rate: £60-80 per hour depending on complexity

Custom Integrations

- Third-party systems
- Hardware integrations
- Data sync pipelines

Rate: £60-80 per hour depending on complexity

4. Notes on Pricing

- All pricing excludes VAT.
 - User licences are billed monthly.
 - Setup fees are based on system complexity, data migration needs, and custom configuration.
 - Custom development and integrations are quoted based on estimated hours.
-

5. Summary

Workbie's pricing structure ensures you only pay for what you need while having the flexibility to grow, customise, and integrate as your business evolves. Whether you're a small team or a large organisation with advanced operational needs, Workbie delivers a scalable and future-proof solution.
