## Pricing Overview

Pricing for this service is based on the deployment of specialist professional resources using fixed daily rates, as published in the supplier's role-based pricing catalogue. All pricing is transparent and derived solely from the published rates.

Services are delivered on a time and materials basis. Where activities and deliverables are clearly defined and bounded, a fixed price may be agreed. Any fixed price is derived directly from the same published daily rates.

## Pricing Basis

- Pricing Model: Role-based daily rates
- Charging Method: Time and Materials
- Fixed Price: May be agreed at call-off where applicable, derived from published rates

The roles, number of days, and duration required to deliver the service are determined by the buyer.

## Pricing Assumptions

The following assumptions apply unless otherwise agreed:

- Working Day: A standard working day consists of 7.5 hours, exclusive of travel and lunch.
- Working Schedule: Monday to Friday, excluding UK public and national holidays, during standard UK business hours.
- Out-of-Hours Delivery: Delivery outside standard UK business hours, including evenings, weekends, or public holidays, is provided only where explicitly agreed.
- Delivery Location: Services are delivered primarily on a remote basis. Any on-site delivery must be agreed in advance.
- Travel and Expenses: Approved travel and subsistence costs may be charged at actual cost, with no uplift, where agreed in advance and approved by the buyer, in line with public sector guidance.
- VAT: All rates and charges are exclusive of VAT.

No discounts, bundled pricing, volume-based adjustments, or cross-service pricing arrangements apply.
