

Managed IT Service Plans

Reliable IT Services, Transparent Pricing

At Renaissance, we recognise that every business has unique IT needs; that's why we offer a variety of tailored IT Managed Service Plans to fit different requirements and budgets.

Whether you're a small business needing basic support & cyber security, or a larger organisation requiring comprehensive IT management, we have the right solution for you.

Choose from our Managed Service Plans, or work with our team to build a totally customised package, and you can rest easy with our expert team delivering reliable remote and on-site support, keeping your IT systems running smoothly, and your users at peak productivity.

Essential Plus Plan
