About ParentPay Group

ParentPay Group is one of Europe's largest EdTech providers, supporting over 30,000 schools with more than 10 million pupils on roll and more than half a million education professionals.

Our solutions provide the core operating systems that well-run schools rely on every day, supporting smooth operations across MIS, Parental Engagement, Payments, Finance and Catering. The portfolio also includes library and reading solutions such as Reading Cloud and Library Management, alongside dedicated tools for further and higher education and post-16 learning.

A well-run school is about more than results alone. It depends on reliable systems, strong relationships and environments where staff and pupils can thrive.

By working closely with school and trust leaders, ParentPay Group develops technology grounded in real needs, helping education organisations run effectively today and adapt with confidence for the future.

CEDAR	Post 16 Student Engagement
Library Management Cloud	Academic and Public Library Management
GDPRiS	Data Protection, Security and Compliance
Third Parties	Partner solutions that complement ParentPay Group products

Management Information System (MIS) - SIMS

Introduction to Adaptive Package Pricing

Adaptive Packages combine our best-in-class solutions across MIS, parental engagement, payments, finance and security, giving schools the freedom to choose what they want, with the confidence that everything works seamlessly together.

Rather than managing multiple contracts, invoices, and add-ons, customers benefit from a joined-up approach that reduces complexity and lowers the total cost of ownership.

Designed to adapt to different school and trust needs, each package includes more capability as standard – with many modules that were previously paid add-ons now included within the core price. This means fewer surprises, clearer entitlement, and better long-term value for money.

Our catering, library management and further education solutions are priced separately, allowing customers to tailor their setup while still benefiting from a single provider and a connected ecosystem.

With Adaptive Packages, pricing is clearer, contracts are simpler, and schools work with one integrated set of systems from a single provider.

Optimise MIS Package - SIMS

SIMS is the original school MIS, with over 40 years of experience behind it. After a £50 million+ investment, SIMS has been rebuilt from the ground up as a cloud-native platform. A clean interface, logical workflows and consistent navigation make everyday tasks quicker and easier for teachers, office staff and leaders, reducing reliance on specialist training.

It modernises the core MIS experience while retaining the breath, depth, reliability and educational expertise SIMS is known for.

UNIT-e – Post 16 MIS

UNIT-e unifies curriculum, enrolment, timetabling, assessment, finance, and statutory returns —giving leaders a clear, consolidated view of data, cutting admin time, and keeping students on track.

As discussed in the UNIT-e G-Cloud Service definition, the pricing for UNIT-e is based on specific Market Sectors as follows and is typically provided as a suite of packages that prospective customers can select from according to their requirements.

These packages are built around a typically adopted set of modules that support the statutory and day-to-day operational requirements of a typical institution, with pricing aligned to Student Full-Time Equivalent (FTE) volume bandings.

The scope and composition of these packages reflect the regulatory, funding, reporting and operational requirements that are common within each market sector, ensuring that institutions are offered a consistent and appropriate baseline of functionality relevant to their operating environment.

UNIT-e Market Specific Packages (and pricing) include:

- English Further Education
- Scottish Further Education
- Welsh Further Education
- Adult and Community Learning
- Higher Education - UK & Ireland
- Other Markets

Expressed as a **cost per student** (based on the maximum Student FTE in each range) these costs equate to the following costs per student in each band from the **Annual Recurring Fees** Table below:

Annual Recurring Fees UNIT-e Packages	Min 1000	Up to 2500	Up to 5000	Up to 10000	Up to 15000	Up to 25000
English Further Education	£45,020	£52,520	£63,020	£75,620	£87,800	£100,995
Scottish Further Education	£45,020	£52,520	£63,020	£75,620	£87,800	£100,995
Welsh Further Education	£45,020	£52,520	£63,020	£75,620	£87,800	£100,995
Adult and Community Learning	£45,020	£52,520	£63,020	£75,620	£87,800	£100,995
Higher Education - UK & Ireland	£50,020	£61,270	£77,020	£95,920	£114,190	£133,982
Other Markets	£45,020	£52,520	£63,020	£75,620	£87,800	£100,995

For more information or to arrange a demo please contact us at info@unit-e.uk or call us on +44 (0) 333 0150 212 **Monday-Friday from 8:30am to 17:30pm.**

CEDAR – Post 16 Student Engagement

CEDAR is a cloud-hosted student engagement, progress and monitoring system for post-16 education providers. It supports attendance, assessment, progress tracking, reporting and student support processes, helping institutions monitor performance, identify risk, improve outcomes and strengthen engagement across the learner journey.

Pricing for CEDAR is based on specific Market Sectors outlined below and is typically provided as a suite of packages that prospective customers can select from according to their requirements.

These packages are based on an escalating series of modules spanning Bronze, Silver and Gold and also a volume metric by Student Full Time Equivalent bandings.

UNIT-e Market Specific Packages (and pricing) include:

- English Further Education
- Scottish Further Education
- Welsh Further Education
- Adult and Community Learning
- Other Markets

Expressed as a **cost per student** (based on the maximum Student FTE in each range) these costs equate to the following costs per student in each band from the **Annual Recurring Fees** Table below:

Cost Per Student FTE CEDAR Packages	Up to 3000	Up to 6000	Up to 9000	Up to 12000	Up to 18000
Bronze	£8.54	£4.57	£3.25	£2.59	£1.82
Silver	£10.64	£5.88	£4.30	£3.50	£2.52

Notes to Pricing

The following apply to all pricing stated in this document:

1. All prices exclude VAT.
2. Indexation will apply where stated in a Customer Call-off Contract, where permitted by the terms of this framework.
3. A day rate of £1,150 will apply for the provision of any remotely delivered professional service that is not stated elsewhere in the document.
4. Consumables such as SMS texts, are not contracted through the G-Cloud framework and are therefore not priced here.

School and Academy Types

The pricing model is structured around two account licence types: Primary and Secondary. The table below illustrates how different types of educational establishments align with this pricing framework. This is applicable to the Adaptive Packages and Adaptive Packages Add-ons.

Primary Account Licence Category	Secondary Account Licence Category
Primary Schools	Secondary Schools
Early Years Settings	Sixth Form Colleges
Sure Start Centres	City Technology Colleges
Children's Centres	University Technical College
Middle Schools deemed Primary	Middle Schools deemed Secondary
Nurseries Studios	Studio Schools
Pupil Referral Units (PRUs)	
Special Schools
