

6D Dementia – Pricing Document

Tiered Level Pricing (for annual recurring SaaS license)

1. Tier 1 £200 per annum per member of staff (min fee £10k)
2. Tier 2 - £500 per annum per member of staff (min fee £5k)
3. Tier 3 - £1,000 per annum per member of staff (min fee £5k)

Tier Breakdown

Tier 1: Digital micro-learning – CPD-accredited, bite-sized modules with scenario-based content, available on demand. This ensures consistency, scalability, and measurable engagement (role based with up to 6 hours training).

Tier 2: Care-planning workshops – Teams apply the framework to real cases, creating personalised strategies that reduce distress and support stable living arrangements (1 day face to face).

Tier 3: Leadership and implementation support – Bespoke coaching for managers and team leaders to embed the 6D approach into policies, supervision, and organisational culture, ensuring sustainability (6 x 2 hour live online sessions).

What You Get (Included in the Annual Licence)

- Access to the 6D Dementia cloud-based digital training platform
- Learner user access within the licensed organisational scope
- Secure user login setup with role-based access
- Full access to all CPD-accredited digital training modules
- Scenario-based, role-specific micro-learning (up to 6 hours per user)
- Administrator dashboard with user management and engagement reporting
- Standard onboarding and setup support
- Ongoing customer success and technical support during UK business hours
- Platform maintenance, security updates, and standard feature upgrades

Optional services, such as planning workshops and leadership support, are available but **not required** to use the core platform.
