G-Cloud 15
LMS Implementation Consultancy
(Project Management and Integration Support)

Pricing Summary

Jumping Bean Training provides a vendor-agnostic LMS implementation and learning technology consultancy service, supporting public sector organisations with expert delivery across configuration oversight, integration support, governance, and assurance activities.

This service is delivered on a time and materials basis using published SFIA-aligned day rates. Work is undertaken against an agreed Order Form defining objectives, priorities, roles, and an agreed budget or cost ceiling. Time used and progress against agreed outcomes are reported regularly to the contracting authority.

The contracting authority retains ownership of delivery decisions, vendor relationships, and final implementation outcomes.

Pricing is provided in accordance with the G-Cloud 15 framework. CCS Call-Off Terms and the G-Cloud Contract apply.

Note that offshore delivery is not offered for this service.
