

RedTail CyberArk Pricing G-Cloud 15

Notes:

Pricing is based on the vendor's published subscription model and terms.

RedTail CyberArk Managed Service

Pricing for the Managed Service is dependent on specific conditions and requirements of the customer, including:

- The number of CyberArk modules in scope
- The size of the privileged account and user population
- The number of managed platforms and connectors
- The overall environmental and operational complexity

These factors are assessed and confirmed as part of the onboarding and discovery process.

Pricing in GBP

Product Name	SKU	Pricing Meter	Annual Price: 3 Year	Annual Price: 1 Year	Description	Minimum Quantity
