

INTRODUCING QUIT COACH

Your AI-powered health coach for
improving health

QUIT COACH ACTS AS AN EXTENSION OF YOUR TEAM

Seamlessly integrated with your knowledge and processes, Quit Coach provides a supportive, informative experience that guides users through their quit journey.

Our mission is to help people manage
their health journeys through clear
guidance, supportive interactions and
timely information.

A solution to support your service

Our base cost is for supporting up to 150 unique (moderated) clients through a quit journey. We know that different areas will have different populations to support. Below we've highlighted some additional base license tiers (per annum).

Onboarding fee - £10,000
Payable in Year 1 only

- Up to 150 unique sign ups: £28,000
- Up to 250 unique sign ups: £31,500
- Up to 350 unique sign ups: £34,500
- Up to 450 unique sign ups: £37,000
- 450+ unique sign ups: £37,000 + £20 per additional sign up beyond 450

Bespoke Costs

Our tool is out of the box, if you require more bespoke work on the build, we can quote for this on a one off basis. Our tool also will work well standalone but we understand that you will have existing stop smoking support on offer. Where you'd like data to flow into existing CRM portals or NRT distribution platforms, we can work with relevant providers to scope out integration feasibility and cost up work involved as a one off piece of work. This could follow initial launch for ease.
