

Pricing

Pricing for Adora is provided on request and is dependent on organisational size, deployment model, and required service components.

Adora offers tiered pricing based on the number of eligible users within an organisation, with options including:

- **Small organisations**
(Typically up to a defined user threshold)
- **Medium organisations**
(Typically mid-sized workforces or regional deployments)
- **Large organisations / enterprise deployments**
(Large employers, insurers, or public-sector bodies)

Pricing may vary depending on:

- Number of eligible users
- Length of contract
- Level of clinical support required (e.g. nurse access, webinars)
- Deployment context (workplace, public sector, insurer-led programmes)

A full pricing schedule is available upon request.
