

GIS Cloud – Pricing Document (G-Cloud)

Version: January 2026

Currency: GBP (£)

Pricing model: Subscription-based

Billing: Monthly user subscriptions and annual storage fees

Trial: 14-day free trial with full access

1. User Licence Subscriptions

GIS Cloud is licensed on a per-user, per-month basis. Organisations only pay for the user roles required.

Role / Application	Monthly price (£)	Annual price (£)	Notes
Map Viewer	£11 / user / month	£110 / user / year	View maps and data via web and mobile
Mobile Data Collection	£22 / user / month	£220 / user / year	Field data capture, offline use, includes Map Viewer
Map Editor	£70 / user / month	£700 / user / year	Create and manage data, maps and applications

2. Vector Data Storage (Features)

Vector data storage is priced annually based on the number of stored features. Pricing reduces as data volumes increase.

Feature allowance	Annual price (£)	Notes
Up to 2.5 million features	£1,600 / year	Entry tier
Up to 5 million features	£2,900 / year	Reduced unit cost
Up to 7.5 million features	£3,600 / year	Best value tier

Up to 10 million features	£4,250 / year	Lowest unit cost
---------------------------	---------------	------------------

3. Raster Data Storage

Raster storage is priced separately due to higher processing, performance and delivery requirements.

Raster allowance	Annual price (£)	Notes
Up to 500 GB	£3,250 / year	Entry raster tier
Up to 1 TB	£5,950 / year	Reduced marginal cost

4. General Media and Document Storage

General media storage is intended for photos, documents and supporting files and is priced separately from GIS data.

Media allowance	Annual price (£)	Notes
Up to 500 GB	£120 / year	Photos and documents
Up to 1 TB	£200 / year	Discounted tier

5. What Is Included

- Access to web and mobile applications
- API access for integrations
- Standard online support
- Data export at any time at no additional cost
- No usage-based or activity-based charges

6. What Is Not Included

- Bespoke software development
- Mandatory on-site services
- Dedicated technical account manager
- Guaranteed financial SLAs (available by agreement)

7. Billing and Flexibility

User licences are billed monthly or annually. Storage is billed annually. Customers can scale user numbers and storage tiers as requirements change. There are no mandatory exit fees.
