Pricing

Year 1 set up fee	£1,500	£1,500	£1,500	£1,500
Annual per student	50p/student	£1/student	£1.30/student	£1.50/student
Annual base fee	£3,000	£3,000	£3,000	£4,000

Further options

Shared Teaching

Designed for circumstances like a shared sixth form or splitting resources across multiple schools, Shared Teaching allows you to sync student and class data like attendance for that day across more than one MIS. Advanced Support required.

	Addition to MIS License
Shared Teaching module per school	£1,575
Advanced Support per Primary School	£1,600
Advanced Support per Secondary School	£3,200
Advanced Support per Central Team	£3,200

BI Connector for individual schools

Connect your Arbor data to your BI tool of choice and bring your MIS data to life with customisable visualisations.

	Addition to MIS License
Per School MIS	£1,000
Per small school (<150 students)	£750

TimeTabler Options and Support

TimeTabler support and the cloud-based Options product are sold as an add-on to your Arbor MIS licence.

Note: TimeTabler licences are sold separately as this is not a cloud product

	Addition to MIS License
TimeTabler Options (inc. Gold Start)	£496
Licence and Support	£299
Options Year 1 total	£795
Options Year 2 onwards total (inc. licence and support)	£299

Google Classroom

Dependent on third-party support at time of publication. Contact Arbor Customer Sales for a list of available partners and pricing (up to £750 per school per year).

Auto Absence

Auto Absence listens to, transcribes, translates (for EAL parents) and logs the code for every absence-related voicemail your school receives. Leaving Attendance Teams with just one task to do - approve each absence.

	Addition to MIS License
Primary school	£250
Secondary school	£500
Special school	£250

Arbor

Migration and Training Costs

2026

Transforming the way schools work

11,000+ Schools and
900+ MATs
have chosen Arbor MIS

Free Resources and Support

To help schools hit the ground running, we provide full customer support and technical support.

Plus, we've designed our training resources to help you improve your knowledge of the software on your own schedule. These resources are available to all users, even if you have a third-party or in-house support team.

Your onboarding support includes:

- Status calls and coordination during implementation with an experienced onboarding team
- Phone, email, and webchat help desk active 8am–5pm, Monday–Friday

Your onboarding training includes:

- A series of pre-recorded and live training 'webinars', plus live Q&A webinars throughout the year at key times such as exams season or census
- A searchable online Help Centre with regularly updated videos and written guides
- An interactive e-learning journey that takes you through the functionality you need to get started
- Help text and in-app instructions embedded into different MIS pages, so new users can get familiar with your site on the go!

Data migration from your legacy MIS is also **free for most primary schools!**

Our customer's experience

"The customer service from Arbor really is a breath of fresh air – we are not used to MIS people going out of their way to help and support us!"

Jason Anderson,
Romsey Primary School

Services for groups of schools, Multi-Academy Trusts

Arbor has brought more schools onto the cloud than any other MIS supplier - we have a tried and tested approach for onboarding schools in large groups based on our experience with over 11,000 schools. Our phased onboarding plans are based on Prince2 methodology, with ITIL-certified support to back it up.

As a Multi-Academy Trust, your broader programme of implementation phases will be planned in collaboration with you by a trained, dedicated Programme Manager. Most of your implementation and training costs will depend on your size and needs on a per-school basis - please see overleaf for school pricing. We're able to create bespoke training days or packages to meet your schools' needs.
