1.0 Scope of our services

Service introduction

This service will enable you to demonstrate compliance with the GovAssure process.

Our service focuses on GovAssure stages 1-3, enabling tailored assessment aligned with organisational mission, objectives, priorities and risk profile. This ensures robust assurance evidence for self-assessment submission, ready for independent review.

Service features

- On shore security cleared teams
- Contextualised assessment, tailored to organisational mission, objectives, priorities and risk profile.
- Support in identifying and defining the organisations essential services and determining their categorisation.
- Facilitation of workshops to align outcomes with the 'Target Government CAF Profile'
- Support and expert guidance to successfully complete CAF self-assessments.
- Stakeholder management for the collection and collation of CAF evidence.
- Evaluation of realised achievements against the target profile.
- Identification of key organisational risks and assessment of effectiveness of security controls.

Service Benefits

- Helps inform the government strategic roadmap to truly 'Defend as One'.
- Assesses cyber assurance level for critical systems accurately.
- Enhances progress tracking and accelerates organisational cyber resiliency.
- Reduces cost of cyber resiliency through its systematic approach.
- Enables prioritised and focused remediation of risks.
- Provides efficacy review of security controls.
- Links organisational context with security remediation management transparently

2.0 Service Implementation

GovAssure Process

Key Differentiators:

Our proven experience in conducting GovAssure assessments across multiple central Government organisations and critical national infrastructure services, makes us the perfect choice for supporting your GovAssure requirements.

5.0 About Accenture

Accenture is a leading global professional services company that helps the world's leading businesses, governments and other organisations build their digital core, optimise their operations, accelerate revenue growth and enhance citizen services—creating tangible value at speed and scale. We are a talent- and innovation-led company with approximately 799,420 people serving clients in more than 120 countries. Technology is at the core of change today, and we are one of the world's leaders in helping drive that change, with strong ecosystem relationships. We combine our strength in technology and leadership in cloud, data and AI with unmatched industry experience, functional expertise and global delivery capability. We are uniquely able to deliver tangible outcomes because of our broad range of services, solutions and assets across Strategy & Consulting, Technology, Operations, Industry X and Song. These capabilities, together with our culture of shared success and commitment to creating 360° value, enable us to help our clients reinvent and build trusted, lasting relationships. We measure our success by the 360° value we create for our clients, each other, our shareholders, partners and communities
