1.0 Scope of our services

2.0 Description

Our data discovery services help to qualify and quantify your legacy data approach. This service can be used to frame your legacy data approach for an upcoming EPR programme, as part of your approach to cyber security or a desire to lower the total cost of ownership of your legacy estate.

3.0 Features

- Mapping of systems and pathways for a potential EPR programme
- Locating and identifying all legacy data requirements
- Across both structured and un-structured data sets

4.0 Benefits

- Lower the risks associated with legacy data in an EPR migration
- Can identify the savings associated with the legacy data estate licenses

5.0 Pricing

Please refer to the associated pricing document/ rate card relevant for this service.

7.0 About Accenture

Accenture is a leading global professional services company that helps the world's leading businesses, governments and other organisations build their digital core, optimise their operations, accelerate revenue growth and enhance citizen services—creating tangible value at speed and scale. We are a talent- and innovation-led company with approximately 799,420 people serving clients in more than 120 countries. Technology is at the core of change today, and we are one of the world's leaders in helping drive that change, with strong ecosystem relationships. We combine our strength in technology and leadership in cloud, data and AI with unmatched industry experience, functional expertise and global delivery capability. We are uniquely able to deliver tangible outcomes because of our broad range of services, solutions and assets across Strategy & Consulting, Technology, Operations, Industry X and Song. These capabilities, together with our culture of shared success and commitment to creating 360° value, enable us to help our clients reinvent and build trusted, lasting relationships. We measure our success by the 360° value we create for our clients, each other, our shareholders, partners and communities
