1.0 Scope of our services

This document describes Accenture's Solace Services and should be read in conjunction with the associated G-Cloud 13 Services documentation.

Accenture offers professional services specifically related to Solace, which includes:

- **Advisory and Strategy:** Enabling Event Driven Architecture (EDA) and unlocking real time data at an enterprise scale can be daunting undertaking. Aligning business objectives to technology for successful roll out of EDA can also be a challenge. We work with your organisation and technology communities to define a strategy and roadmap for implementing Event Driven Architecture leveraging power of Solace that accelerates business outcomes and unlocks data from legacy & on prem systems including SAP. Strategy and approach on how Solace could enable digital integration of manufacturing processes with the enterprise systems.
- **Architecture Definition and Delivery:** Our experienced Solace architects & engineers not only work with you to define the architecture but also see you through to production. We combine our product experience with best practices to ensure a smooth journey to Solace adoption and implementation. Our architects work in collaboration with the delivery team to deliver the architecture in agile and scaled agile environments.
- **End-to-end delivery:** From design to implementation to management, our expertise in Event Driven Architecture combined with our knowledge of Solace, would accelerate the journey for unlocking value of real time data in end to end business process. Our experienced agile practitioners will help you deliver at scale and in a distributed environment.
- **Post go-live support:** Our offering doesn't stop at implementation. We can support your Event Driven Architecture and Solace Platform. Our best of breed operations monitoring tools provide insight into your Event landscape.

2.0 Our Partnership with Solace

Accenture's partnership with Solace means we can bring best of both worlds from business and technology implementation skills combined with deep product experts who can help accelerate adoption of Solace. Our partnership with Solace started Jan 2020 with strong agenda on combining best talent from both organisations and continue to grow Solace skills within Accenture. We are creating one of the largest pools of Solace architects and engineers worldwide to work across industries. Our highly skilled practitioners will offer efficiency and standardisation through an unmatched combination of experience and proven expertise. No matter what your organisational aims, our Solace capabilities extend across industry sectors, ensuring you benefit from best practices and our lessons learned.

The Solace logo is displayed in a large, teal-colored, serif font. The word "solace" is written in lowercase, and a solid teal circle serves as the period at the end of the word.
