1.0 Scope of our services

We provide implementation services for the full digital innovation lifecycle.

Our team is made up of experienced staff with technical, clinical, managerial and commercial backgrounds from the NHS and private sector. This means that we are capable of bridging the gaps between clinical users and IT solution suppliers and engaging from shop floor to executive level.

We have built a wealth of experience and collateral from our assignments which we bring to each new project, to accelerate delivery, drive cost efficiencies and provide you with a high degree of assurance, with fewer resources and lower risk.

6.0 About Accenture

Accenture is a leading global professional services company that helps the world's leading businesses, governments and other organisations build their digital core, optimise their operations, accelerate revenue growth and enhance citizen services—creating tangible value at speed and scale. We are a talent- and innovation-led company with approximately 799,420 people serving clients in more than 120 countries. Technology is at the core of change today, and we are one of the world's leaders in helping drive that change, with strong ecosystem relationships. We combine our strength in technology and leadership in cloud, data and AI with unmatched industry experience, functional expertise and global delivery capability. We are uniquely able to deliver tangible outcomes because of our broad range of services, solutions and assets across Strategy & Consulting, Technology, Operations, Industry X and Song. These capabilities, together with our culture of shared success and commitment to creating 360° value, enable us to help our clients reinvent and build trusted, lasting relationships. We measure our success by the 360° value we create for our clients, each other, our shareholders, partners and communities
