

Cloud Architecture and Development Planning & Support

Purpose:

This service provides a range of support to public sector organisations embarking on a cloud development project or programme.

Overview:

Actica provides a range of support services to public sector organisations embarking on digital development projects or programmes. This exploits Actica's expertise in designing development plans and solution architectures within the public sector for complex programmes and projects which combine use of cloud solutions, Commercial Off-The-Shelf (COTS) software and Agile.

Planning:

- Develop project and programme plans
- Assessment of potential development solutions against business objectives and project requirements e.g. Waterfall, Spiral, RAD, Agile
- Guidance on development to meet the GDS Service Manual and Service Standard
- Assessment of the organisation's readiness for a particular methodology
- Prepare the organisation

Set-up and Migration:

- Develop programme plans and roadmaps
- Transition planning and support to assist transition
- Facilitate pilots
- Provide guidance on the procurement of development services
- Support the procurement of development services
- Business and Technical architecture and quality assurance of development processes and deliverables

Information Assurance:

Development Support can be provided for services of any classification. We employ security cleared personnel who operate with information at all levels of the Government Security Classification Policy (GSCP). Our systems are approved to hold classified information.

Pricing:

This service is priced based on anticipated resource requirement. Resources will be charged in accordance with the agreed SFIA day rates. Two pricing options are available:

- Firm price. The firm price will be based on the anticipated resource requirements including provision for risk. Provision for travel and subsistence cost will be made. Payment will be required against achievement of agreed milestones. Customers may request clarification of the number of days by SFIA grade for their specific deliverables, which will be confirmed by Actica for contract award.
- Limit of liability. The limit of liability will be agreed based on an anticipated resource requirement. Charges will then be made monthly in arrears against resource effort expended. A limit of liability will also be agreed to cover travel and subsistence. Travel and subsistence costs will be charged at cost monthly in arrears against cost incurred.

Service management details and constraints:

Our service is subject to ISO9001 certified quality controls. A lead consultant shall be appointed who will have responsibility for liaising with the client and managing the Actica team providing the required services. In addition a Project Authority will be appointed who is normally a Director within the Company who will act as the point of escalation. We support our clients on-site, via email or by telephone, during standard office hours and with a 1 business day response time to acknowledge support requests.

Data backup and recovery:

Where our staff use infrastructure and information provided by our clients, it is the clients' policies and procedures that prevail. Ordinarily, our consultants are supported by our own infrastructure up to, and including OFFICIAL, and we have facilities for higher classification information to be received, stored and transmitted. Our consultants' laptops and our corporate systems are backed up regularly and our corporate Disaster Recovery Strategy and Plan ensures that we are able to continue to provide services to our clients in any event.

On-boarding/off-boarding:

For all of our assignments we operate our standard on-boarding/mobilisation activities. At assignment closure, we undertake a review and ensure that skills have been transferred to client staff where appropriate.

Ordering and invoicing process:

Specific details of the clients requirement should be sent to cloud@actica.co.uk. Following discussions about your requirement Actica will send a fully priced proposal detailing the services to be provided. Once approved a valid purchase order should be sent to finance@actica.co.uk for processing. Once the work is completed and accepted by the client Actica will invoice the client for the work. Payment is expected within 30 days. We are able to use a range of electronic purchase and payment systems (e.g. CP&F).

Consumer responsibilities:

To liaise with the Actica lead consultant and ensure access to existing information and key stakeholders.
