PRICING DOCUMENT

1 OVERVIEW

This Pricing Document sets out the Fees payable for access to and use of the Platform and its applicable modules, including the AffiniDocs core module and the optional AffiniAI, AffiniTask, and AffiniTag modules.

2 AFFINIDOCs FEES

AffiniDocs is paid for via an Annual Licence Fee.

Item	Fee Basis	Annual Licence Fee	
		Y1	Y2+
Total Service Base Cost (1 no. JRMP included):	Annual Licence Fee	£6,000	£2,250
Each Additional JRMP (if applicable)	Annual Licence Fee	£2,250	£600

NOTES

- The Annual Licence Fee includes unlimited users & unlimited usage for the organisation and its stakeholders, employees, consultants, advisers, etc. The Fees for an unlimited "All Stakeholder" licence, which includes unlimited users, unlimited usage and unlimited parties and other stakeholders, are 1.5 times the Annual Standard Fees above.
- The only variable is the number of users with access to the ISO 44001 Standard. It should be noted that not all users need access to the standard itself, as compliance is managed through the Compliance Mapper and Task Manager. There is a one-off BSI licence charge of £200/user for any users requiring access to the standard, unless the user already has a BSI licence for ISO 44001.
- If the Buyer is using Affinixtext under a separate G-Cloud service for its Project documents, then the above costs are all discounted by 50%
- The above Fees are exclusive of GST/VAT or other applicable taxes and annual inflation.
