SG Cloud Platform Migration Partner

1 WHAT THE SERVICE IS

A rapid, scalable service that enables Scottish Government and Scottish Public Sector organisations to migrate their systems and applications to the SG Cloud Platform. Leveraging our experience of SG Cloud Platform migrations, Leidos provides a range of services from a simple lift and shift to full cloud native transformation.

FEATURES

- Migration partner with deep expertise of the SG Cloud Platform.
- Guided through the SG Cloud Platform onboarding process.
- Migration assessment to determine whether to use AWS or Azure.
- Leverages the Microsoft and AWS Cloud Adoption Frameworks.
- Lift and shift, application modernisation and full cloud native transformation.
- 24x7 support, service desk, and Cyber SOC.
- Provides recommendations for future enhancement and sustainment.
- Knowledge transfer and upskilling provided to SG and customer teams.
- Business focused requirements gathering and assessment.
- ITIL aligned service management, omni-channel ticket logging (phone, form, email).
- Scales from simple single VM migrations to large, complex migrations.

BENEFITS

- Confidence in local SG Cloud Platform expert.
- Guided through the SG Cloud Platform onboarding process.
- Alignment with Scottish Government strategy and roadmap.
- Access to a knowledgeable partner to trust with your migration.
- Access to an AWS Premier Partner and Microsoft Tier 1 Partner.
- Collaborative approach that prioritises understanding customer and stakeholder needs.
- Standardised methodology based on real experience reduces risk, improves predictability.
- 2nd and 3rd line cloud support after first application migrated.
- Cloud optimisation promotes sustainability and net-zero / low-carbon agendas.
- Integrated security, FinOps and application development services as required.

OVERVIEW

The SG Cloud Platform Migration Partner service is a flexible and scalable service which Leidos provides to support Scottish Government and Scottish Public Sector organisations to migrate to the Scottish Government's cloud platform.

The service scales from the very simple, such as lift and shift of a single Virtual Machine, to more complex migrations involving large numbers of apps, VMs, services or networking configurations, all the way to full transformation of legacy systems into cloud native replacements.

We provide full support for and migration to the Scottish Government's AWS and Microsoft Azure platforms and are an AWS Premier Partner and Microsoft Tier 1 Partner, demonstrating our expertise with these platforms and allowing us to reach back into the vendors for in depth support.

2 ANY ONBOARDING AND OFFBOARDING SUPPORT YOU PROVIDE

Where relevant, Leidos will adopt a consultative approach with customers to define and validate their requirements in order to determine how best to engage with the services. The onboarding and offboarding process is dependent on the specific requirements of the solution, and the delivery methodology agreed upon.

3 PRICING

Please refer to the associated Pricing Document relevant to this Service.

4 TERMS AND CONDITIONS

Please refer to the associated Terms and Conditions Document relevant for our Service Offerings.

5 FURTHER INFORMATION

Please send your requirement to publicsector@uk.leidos.com. Alternatively, if you wish to discuss your requirements in more detail, please send us the following information and we will be happy to contact you:

1. Your organisation name.
2. The name of this service.
3. Your name and contact details.
4. A brief description of your business situation.
5. Your preferred timescales for starting the work.

ABOUT LEIDOS

Leidos is a leading partner to the UK government and the Scottish government as well as having key client partners in transportation and energy. Leidos employs 1300 people across the UK supporting technology and business process transformation programmes for clients such as the Home Office, the Ministry of Defence, the Metropolitan Police Service and NATS.

The success of this work in the UK and beyond shows that we are a trusted partner in the region and that our people can deliver innovative solutions to solve the most challenging problems.
