Service Overview

The ANS Power Platform Ecosystem Navigator is a comprehensive service designed to guide organisations through their Low Code and Power Platform journey.

Whether you are initiating your venture into Low Code solutions or are already deeply entrenched in utilising the Power Platform across your enterprise, our Navigator is tailored to meet your needs.

We assess your current position, collaborate on priorities, and chart a clear path forward to enhance your digital capabilities.

Workstreams

The ANS Power Platform Ecosystem Navigator will deliver a collaborative set of workshops and an outcome report focusing on the advised next steps for your low code journey.

The workshops to be delivered may include:

- Governance Experience
- Power Platform Maturity Assessment & Advisory
- COE Starter Toolkit & Guardrails Review

Output

Following a comprehensive assessment, the ANS 6P's Target Operating Model for Digital Transformation is utilised to evaluate various critical factors, including:

- **Purpose:** Understand your organisation's purpose, vision, and current strategy for Low Code adoption and modernisation.
- **People:** Identify key roles such as Business Sponsor and Program Owner who are pivotal in championing, supporting and utilising the Power Platform within the organisation.
- **Platform:** Establish necessary guardrails to ensure IT security and minimise risks.
- **Processes:** Develop efficient processes for deploying the Power Platform at scale.
- **Portfolio:** Define a strategic portfolio to unlock business value and achieve ROI
- **Promotion:** Promoting the Power Platform and fostering communities for widespread adoption.

The following deliverables will be produced following the assessment:

- Ecosystem Assessment Report
- Ecosystem Enablement Pack and Advised Next Steps

Our Partnership

To get the best possible result from the Ecosystem Engagement, it requires a specific group of people from your business. Below is a guide to the roles we typically require to attend the Ecosystem Sessions:

The people recommended, but not limited to, are:

- Business Sponsor
- Power Platform Product / Program Owner / Low Code CoE Owner
- Global Administrator / M365 Administrator(s)
- Security Representative
- Business Representatives
- Solution Architect / Enterprise Architect

About Us
