Service Overview

The ANS Power Platform Portfolio Navigator is a comprehensive service, following the Microsoft Catalyst Framework, designed to guide organisations through their Low Code and Power Platform journey and delve specifically into the use-cases an organisation could utilise the Microsoft Power Platform to modernise existing business processes.

Whether you are initiating your venture into Low Code solutions or are already deeply entrenched in utilising the Power Platform across your enterprise, our Navigator is tailored to meet your needs.

We ideate and assess your current portfolio backlog of potential use-cases with your targeted area of the business and solution size them based on complexity and business impact / ROI.

Workstreams

The ANS Power Platform Portfolio Navigator will deliver a collaborative set of workshops and an outcome report focusing on the advised next steps for your low code journey.

The workshops to be delivered may include:

- Envisioning & Solution Assessment Workshop (typically onsite).
- Business Value Assessment on two / three key use-cases identified.
- Functional Scoping.
- Technical Scoping.
- Solution Roadmap and Portfolio Playback.

Output

The following deliverables will be produced following the navigator workstreams:

- Understanding of your key portfolio objectives, business challenges, and opportunities for improvement.
- Prioritisation of initiatives for digital transformation with Power Platform.
- Agreement on solution roadmap and associated business outcomes.
- Solution roadmap will include top initiatives / portfolio solutions to pursue, this typically ranges from 3 to 5 high impact and low complexity solutions to recognise value quickly.

Our Partnership

To get the best possible result from the Portfolio Navigator Engagement, it requires a specific group of people from your business. Below is a guide to the roles we typically require to attend the Portfolio Sessions:

The people recommended, but not limited to, are:

- Business Sponsor
- Power Platform Product / Program Owner / Low Code CoE Owner
- Key Business Stakeholders
- Business Representatives and Subject Matter Experts
- Solution Architect / Enterprise Architect
