Convene Assure

Convene Assure Overview

Convene Assure is a board governance and skills evaluation platform for Company Secretaries and governance teams who need to move beyond Word surveys, spreadsheets, and consultant PDFs.

It delivers repeatable, software-driven evaluation cycles with sector-aligned questionnaires, anonymous input, instant analytics, and built-in action tracking, so boards get candid insight, clear owners and deadlines, and a defensible audit trail that stands up to regulators.

Unlike consultancy-led reviews (expensive, infrequent) or DIY surveys (fragmented with no follow-through), Convene Assure gives you the rigour of a structured evaluation with the flexibility to run it yourself across your main board, committees, and subsidiaries.

Security & Compliance

Our board evaluation software is built to meet the stringent requirements of public sector organisations:

- Encryption TLS 1.2 or higher in transit and AES-256 at rest
- ISO 27001 and SOC 2 Type II certified hosting infrastructure
- UK-based data centres ensuring data residency compliance
- GDPR compliant with comprehensive data protection controls
- Role-based access controls with granular document permissions

Board Evaluation Platform
