## mycomplaints.ai: G-Cloud 15 Pricing

### SaaS Fees

The mycomplaints.ai SaaS solution is made available subject to the payment of a combination of two fees:

- 1) A price per case for each complaint that is opened in a month in mycomplaints.ai. To support the complaints management activity, each user of the system will be granted a licence for the mycomplaints.ai **Case Handler** app in MS-Teams.
- 2) A price per Authorised User per month for the use of the mycomplaints.ai **Insights** app in MS-Teams. This is an optional item, typically licensed for users wishing to use complaints data for learning and service improvement (please see Service Description).

Total fees are charged monthly in arrears and are variable subject to the precise number of users of the Insights app and complaints opened in the month.

The following are the list prices for mycomplaints.ai (Public Sector Edition). These are the prices **prior to deducting** the G-Cloud 15 discounts offered by the Supplier.

| Cost Element                                                  | Cost    |
