ASSURANCE AND GOVERNANCE SERVICES

At CACI, we provide assurance and governance functions at all stages of cloud migration strategy and roadmap.

Key features of the service include:

- Expertise in establishing Technical Design Authority to support architectural strategy
 - Integrity of design and alignment to Cloud strategy and roadmap
 - Comprehensive testing assurance at all levels of Cloud migration
 - Component level; automation, unit testing, regression testing, factory acceptance testing
 - System level; Full system testing, integration testing, end-to-end testing
 - User Acceptance Testing (UAT) and Operational Acceptance Testing (OAT)
 - Non-functional testing; load, stress and soak tests, full performance testing
 - Security assurance; security-by-design, defence-in-depth analysis
 - Security testing; CHECK/CREST penetration testing, cloud security assurance
 - Cyber risk assurance; risk analysis and risk treatment plan.
- CACI prides itself in being easy to do business with. After actively engaging with our customers to make sure our solution is the right fit, we can offer a flexible commercial solution to ensure value for money. We have three typical models, namely Time & Materials, Fixed Price or Managed Service based. The following table provides more detail:

Model	Detail
Time and Materials (T&M)	T&M is appropriate where the requirements need further elaboration and are subject to change, or where customer consumption of certain elements, such as Architect or DevOps resource is variable. T&M is typically calculated on day rate using the published Lot 3 - Cloud Support Rate Card.
Fixed Price (FP)	Fixed pricing can be offered when the statement of work requirements are clearly defined and agreed by both parties. This necessitates the availability of mature and accurate input documents so that the amount of effort to achieve the project deliverables can be calculated. In addition, any project risks, issues, assumptions or dependencies need to be stated and measured. Pricing is available on request and is based upon the day rates shown in the published Lot 3 - Cloud Support Rate Card.
Managed Service (MS)	Managed Services are typically delivered via CACI's 24x7, 3-tier technical support working within our ITIL aligned Service Management system. Pricing is tailored to meet the customer's
