INSITE (HOSTED) AND INSITE EVERYWHERE ONLINE GEOGRAPHICAL INFORMATION SYSTEM (GIS) PLATFORM

InSite (hosted) and InSite Everywhere are Geographic Information Systems (GIS) – a secure cloud application that can provide access to CACI licensed datasets including but not limited to Acorn, Household Acorn, Wellbeing Acorn, Paycheck, Paycheck Disposable Income, Paycheck Equivalised Income, Paycheck Lifestage Income, Address Spine, StreetValue, Ocean Lifestyle Dataset and ESG Score.

Benefits of InSite (hosted) and InSite Everywhere include:

- Using layers, easily create maps for selected catchment areas and drivetimes. Predetermined mapping options include: (i) dot maps, (ii) density maps and (iii) penetration maps.
- Predetermined map layers can be generated using CACI data or users' own data as outlined above.
- Users can create catchments including distance, radii, and drivetime
- Ability to profile any postcode or address data to Understand customers, service users, and communities at small area level by their demographic and lifestyle characteristics using licensed CACI data

The following table provides a breakdown of the options and costs:

Annual	Cost	What it covers?
InSite (hosted) base software system.	£15,000	Licensed on a per user basis inclusive of introductory training, consultancy and ongoing support provided by an Account Manager which includes access to real-time support, if required.
InSite Everywhere (cloud) base software system. Please note: The fee for the base system of InSite Everywhere reduces to £10,000 per user if licensed with one or more of the data products listed below.	£14,000	Licensed on a per user basis inclusive of introductory training, consultancy and ongoing support provided by an Account Manager which includes access to real-time support, if required.

Pricing Notes:

- Pricing takes the form of an Annual Licence Fee
- All the prices quoted in this document are provided on a per annum basis and exclusive of VAT and RPI (where applicable) for one (1) User.
- These prices are restricted to Public Sector organisations
- Fees for CACI's Acorn, Household Acorn, Wellbeing Acorn, Paycheck family, Streetvalue and other CACI datasets can be found as part of its own G-Cloud listing
