CLOUD DELIVERY PARTNER

CACI offers expertise and acts as a bridge between your organisation and your cloud computing services, offering a range of capabilities and expertise to help you navigate the world of cloud technologies and ensure a smooth and successful cloud journey. Features of the service include:

- Strategy: Develop cloud strategy that aligns with business goals.
- Migration and Implementation: Plan/execute/ensure minimal disruption to your operations.
- Optimisation: We manage your cloud infrastructure optimising costs/resources.
- Security: Our robust security measures protect your valuable assets.
- Compliance: Implement best practices and ensure you comply with regulations.
- Training/Support: We train your staff to use/manage cloud effectively.
- Expertise: Our deep understanding of cloud will simplify complexity.
- Efficiency: Our cloud management saves you time and resources.
- Reduced Costs: Our cloud usage optimisation reduces your costs.
- Acceleration: Get your applications/services up and running faster.

CACI prides itself in being easy to do business with. After actively engaging with our customers to make sure our solution is the right fit, we can offer a flexible commercial solution to ensure value for money. We have three typical models, namely Time & Materials, Fixed Price or Managed Service based. The following table provides more detail:

Model	Detail
Time and Materials (T&M)	T&M is appropriate where the requirements need further elaboration and are subject to change, or where customer consumption of certain elements, such as Architect or DevOps resource is variable. T&M is typically calculated on day rate using the published Lot 3 - Cloud Support Rate Card.
Fixed Price (FP)	Fixed pricing can be offered when the statement of work requirements are clearly defined and agreed by both parties. This necessitates the availability of mature and accurate input documents so that the amount of effort to achieve the project deliverables can be calculated. In addition, any project risks, issues, assumptions or dependencies need to be stated and measured. Pricing is available on request and is based upon the day rates shown in the published Lot 3 - Cloud Support Rate Card.
Managed Service (MS)	Managed Services are typically delivered via CACI's 24x7, 3-tier technical support working within our ITIL aligned Service Management system. Pricing is tailored to meet the customer's Service Level Requirements and is based upon the day rates shown in the published Lot 3 - Cloud Support Rate Card.

Full details and pricing can be found within the published Lot 3 - Cloud Support Rate Card which shows the range and cost of expertise.
