CSP License Pricing

Pricing Approach

Microsoft license pricing is subject to review and prices can change over the life of a framework agreement like G-Cloud. To provide certainty to customers, our published pricing is based on a “Price Not to Exceed”, which is our forecast of what license prices could be in the later stages of the framework agreement.

At the point of order, we will charge the current sale price of the license or our quoted “Price not to exceed”, whichever is the LOWER amount.
