

Executive Web Conferencing Transformation Program

G Cloud 15 - LOT2B

1. Insight

Insight leads the delivery of transformative solutions, supported by a powerful ecosystem of over 6,000 global partners including Microsoft, AWS, and Cisco.

As a Fortune 500 company with a long-standing history of delivering trusted services to the UK Public Sector, we combine our own deep expertise in consulting, advisory, and transformation with partner innovation to create holistic solutions across cloud, data, modern workplace, cybersecurity, and application services.

Guided by proven methodologies and ESG principles, we work collaboratively to design and implement tailored strategies that drive measurable business impact while promoting sustainability and governance excellence.

2. Insight for the Public Sector

Your End-to-End Digital Transformation Partner

As a leading Solutions Integrator, Insight combines deep technical expertise with a vast partner ecosystem to help UK government organisations modernise, innovate, and deliver citizen-centric services. We hold places on over 85 public sector frameworks, offering a compliant, efficient route to digital transformation.

We don't just supply IT; we design, deploy, and manage the solutions that secure your data and unlock value.

Core Areas of Expertise

- **Innovation, Data & AI:** we deliver end-to-end data science and custom AI solutions. From modernising data platforms to deploying bespoke machine learning and spatial computing, we help you unlock the value of your data to drive operational efficiency.
- **Modern Infrastructure & Cloud:** Building scalable, hybrid foundations that reduce technical debt and support multi-cloud strategies.
- **Modern Workplace:** Empowering the public sector with secure, flexible tools to work from anywhere, attracting talent and improving productivity.
- **Cybersecurity:** Comprehensive managed security services, threat detection, identity protection, and compliance management to ensure your data remains sovereign and secure.
- **Modern Apps:** Agile application development creating meaningful and impactful tools that link to tangible benefits, improvements and cost savings.

Our Approach: Consulting, Lifecycle, & Managed Services

We deliver value at every stage of your technology journey, ensuring accountability from strategy to support:

- **Consulting (Architecting the Future):** We bridge internal skills gaps with data-driven strategy. From "Discover & Design" to full-scale migration planning, we ensure your investments solve real public sector challenges.
- **Lifecycle (Seamless Execution):** We take the risk out of procurement and deployment. Leveraging global buying power, we handle everything from supply chain management and imaging and implementation to sustainable asset disposal (ITAD).
- **Managed Services (Always-On Support):** Shift from "keeping the lights on" to innovation. We provide 24/7 infrastructure monitoring, cloud cost optimisation (FinOps), and security operations to ensure resilience.

3. Services

Service Name

Executive Web Conferencing Transformation Program

Service Description

Premium consulting for enterprises seeking to elevate web conferencing, drive collaboration, and deliver seamless virtual events to distributed teams and stakeholders.

Features

- Comprehensive analysis of current conferencing environment and pain points
- Solution architecture tailored for secure, scalable web conferencing
- Integration with productivity and collaboration suites (e.g., Microsoft 365, G Suite)
- Custom configuration of user access, permissions, and security protocols
- User adoption and change management workshops for smooth transition
- Executive training on hosting impactful virtual meetings and events
- Real-time support during initial roll-out and critical virtual events
- Analytics dashboard setup to monitor usage, issues, and performance KPIs
- Guided process for virtual event planning and execution
- Continuous improvement roadmap, including feedback loops and tech updates

Benefits

- Boosts collaboration and productivity across remote and hybrid teams
- Delivers executive-grade virtual meetings and web events with confidence
- Reduces security and compliance risks for online communications
- Enhances user satisfaction and adoption through expert-led training
- Seamlessly integrates with existing business applications and workflows
- Minimizes downtime and disruptions with proactive support
- Empowers leadership with analytics-driven decision making
- Enables flawless delivery of high-profile virtual events and webinars
- Supports ongoing optimization with a clear future-proofing strategy
- Strengthens organizational reputation through professional digital engagement

Constraints

Requires stakeholder commitment and baseline conferencing infrastructure; licensing costs not included.
