

Secure Email Archiving and Compliance Assurance

G Cloud 15 - LOT2A

1. Insight

Insight leads the delivery of transformative solutions, supported by a powerful ecosystem of over 6,000 global partners including Microsoft, AWS, and Cisco.

As a Fortune 500 company with a long-standing history of delivering trusted services to the UK Public Sector, we combine our own deep expertise in consulting, advisory, and transformation with partner innovation to create holistic solutions across cloud, data, modern workplace, cybersecurity, and application services.

Guided by proven methodologies and ESG principles, we work collaboratively to design and implement tailored strategies that drive measurable business impact while promoting sustainability and governance excellence.

2. Insight for the Public Sector

Your End-to-End Digital Transformation Partner

As a leading Solutions Integrator, Insight combines deep technical expertise with a vast partner ecosystem to help UK government organisations modernise, innovate, and deliver citizen-centric services. We hold places on over 85 public sector frameworks, offering a compliant, efficient route to digital transformation.

We don't just supply IT; we design, deploy, and manage the solutions that secure your data and unlock value.

Core Areas of Expertise

- **Innovation, Data & AI:** we deliver end-to-end data science and custom AI solutions. From modernising data platforms to deploying bespoke machine learning and spatial computing, we help you unlock the value of your data to drive operational efficiency.
- **Modern Infrastructure & Cloud:** Building scalable, hybrid foundations that reduce technical debt and support multi-cloud strategies.
- **Modern Workplace:** Empowering the public sector with secure, flexible tools to work from anywhere, attracting talent and improving productivity.
- **Cybersecurity:** Comprehensive managed security services, threat detection, identity protection, and compliance management to ensure your data remains sovereign and secure.
- **Modern Apps:** Agile application development creating meaningful and impactful tools that link to tangible benefits, improvements and cost savings.

Our Approach: Consulting, Lifecycle, & Managed Services

We deliver value at every stage of your technology journey, ensuring accountability from strategy to support:

- **Consulting (Architecting the Future):** We bridge internal skills gaps with data-driven strategy. From "Discover & Design" to full-scale migration planning, we ensure your investments solve real public sector challenges.
- **Lifecycle (Seamless Execution):** We take the risk out of procurement and deployment. Leveraging global buying power, we handle everything from supply chain management and imaging and implementation to sustainable asset disposal (ITAD).
- **Managed Services (Always-On Support):** Shift from "keeping the lights on" to innovation. We provide 24/7 infrastructure monitoring, cloud cost optimisation (FinOps), and security operations to ensure resilience.

3. Services

Service Name

Secure Email Archiving and Compliance Assurance

Service Description

Comprehensive solution for enterprises needing robust, compliant, and scalable email archiving to streamline retention, retrieval, and regulatory audits.

Features

- Automated email capture across platforms and formats.
- Tamper-proof, searchable enterprise-grade archive repository.
- Retention policies aligned with industry regulations.
- Advanced search and eDiscovery capabilities for legal needs.
- Granular access controls and user permissions.
- Comprehensive audit trails and audit reporting tools.
- Data encryption at rest and in transit for maximum security.
- Scalable architecture supporting rapid growth and cloud migration.
- Integration support for Microsoft 365, Google Workspace, and on-premises systems.
- Continuous monitoring and proactive support for operational continuity.

Benefits

- Simplifies compliance with GDPR, HIPAA, and other regulations.
- Accelerates internal investigations and legal discovery processes.
- Reduces on-premises storage costs and administrative workload.
- Safeguards sensitive communications with end-to-end encryption.
- Improves employee productivity with fast search and retrieval.
- Minimizes legal risks through defensible records management.
- Supports business continuity and disaster recovery efforts.
- Facilitates transparent audit-readiness and policy enforcement.
- Offers seamless integration with existing IT environments.
- Ensures data remains accessible throughout its required lifecycle.

Constraints

Requires existing email platform integration and initial data migration assessment.
